

30/11/2016

2016 ICBM CONGRESS PROGRAM

**Program is subject to change by the Congress Organisers*

WEDNESDAY 7 DECEMBER 2016						
ROOM	Lake 1 & 2	State 3	State 1	Park	Lake 3 & 4	State 2
8:30am - 11:45am	Workshop 1	Workshop 2	Workshop 3	Workshop 11	Workshop 4	Workshop 5
10:15am - 10:30am <i>Morning Tea Break</i>	Education and Training (E&T) in Behavioural Medicine – International Perspectives <i>Joost Dekker, Bo Bai, Yanjie Yang, Joseph Lau, Georita M. Frierson, Kerry Sherman and Anne H. Berman</i>	E-health interventions: Public health perspective <i>Maria Kleinstauber, Anne H. Berman and John Cunningham</i>	Advanced concepts in high quality randomised clinical trials (Part 1) <i>Peter G. Kaufmann, Kenneth E. Freedland and Lynda H. Powell</i>	Advancing the science of implementation research to improve health: Key challenges and potential solutions <i>Luke Wolfenden, Carina Chan, Robyn Mildon, Byron Powel, Justin Presseau, Andrew Milat, Jill Francis, Sze Yoong and Nicole Nathan</i>	Fear of cancer recurrence: Theoretical frameworks and intervention strategies <i>Phyllis Butow, Louise Sharpe and Gozde Ozakinci</i>	Systematic reviews and meta-analysis in behavioural medicine: A practical introduction to best practices <i>Barbara Mullan and Emily Kothe</i>
11:45am - 12:45pm	Session break between morning and afternoon half-day workshops					
ROOM	Lake 1 & 2	State 3	State 1	Park	Lake 3 & 4	State 2
12:45pm - 4:00pm	Workshop 6	Workshop 7	Workshop 8		Workshop 9	Workshop 10
2:45pm - 3:00pm <i>Afternoon Tea Break</i>	Introduction to motivational interviewing: Techniques, processes and proficiency <i>Anne H. Berman</i>	E-health interventions: Clinical perspective <i>Maria Kleinstauber, Anne H. Berman and Leanne Hides</i>	Advanced concepts in high quality randomised clinical trials (Part 2) <i>Peter G. Kaufmann, Kenneth E. Freedland and Lynda H. Powell</i>		New opportunities for therapeutic precision: An N-of-1 trial design workshop <i>Ian Kronish and Dominika Kwasnicka</i>	Measurement and longitudinal models in cross-cultural behavioural medicine <i>Stephanie Fitzpatrick</i>
4:30pm - 6:00pm	Opening Ceremony and Irmela Florin Memorial Lecture Plenary (Grand 1-4) Opening by Professor Akizumi Tsutsumi, Scientific Program Committee Welcome by A/Professor Kerry Sherman, Local Organising Committee Musical Didgeridoo performance (Acknowledgment to Country) by the Boon Wurrung people Presidential Address and ISBM Awards : A/Professor Adrienne Stauder ISBM Awards (Professor Joost Dekker) / Early career Awards (A/Professor Anne Berman) / Health and Behavior International Collaborative Award (Dr Elizabeth Seng) Irmela Florin Memorial Lecture by Professor Frank Penedo, Incoming ISBM President <i>Keynote: Behavioral medicine approaches in patient centered by precision oncology care: Making an impact in the modern world</i> Closing by A/Professor Kerry Sherman					

6:00pm -
8:00pm

Welcome Reception and Poster Viewing Session # 1
(Grand Lobby and Exhibition Area)

THURSDAY 8 DECEMBER 2016

INSPIRE Breakfast Mentoring Event
 Mercure Lounge | Pullman Melbourne Albert Park
 (by invitation only)

ROOM	Plenary (Grand 1-4)	State 1	State 2	State 3	Element	Lake 1 & 2	Lake 3 & 4	Albert	Victoria	Park
7:15am - 8:15am										
8:30am - 10:00am	Session 1A Invited Symposium Chair: Paige Green	Session 1B Symposium Chair: Warren Bickel	Session 1C Symposium Chair: Judith McCool	Session 1D Symposium Chair: Martti Tuomisto	Session 1E Symposium Chair: Alexander Winkler	Session 1F Symposium Chair: Meghan Finch	Session 1G Symposium Chair: Elizabeth Broadbent	Session 1H Symposium Chair: Molly Byrne	Session 1I Invited Symposium Chair: Pascale Allotey	Session 1J Symposium Chair: Norito Kawakami
	<i>Cancer in the context of comorbidity and multimorbidity: Perspectives from behavioral medicine</i>	<i>The behavioral economics of health behavior change: New findings and application</i>	<i>Cultural adaptation of mHealth initiatives in the Pacific Rim</i>	<i>Cardiovascular regulation and its outcomes</i>	<i>Mechanisms and clinical applications of the placebo and nocebo response</i>	<i>Supporting the implementation of state nutrition guidelines and policies in schools and childcare: Application of the theoretical domains framework</i>	<i>The effects of stress and stress reduction interventions on wound healing: From bench to bedside</i>	<i>Systematic approaches to designing effective behavior change interventions to impact health</i>	<i>Data driven responses to the management of population based behavior change: Lessons, pitfalls and possibilities from across the GDP wealth divide</i>	<i>Effort reward imbalance as a mediator for worker health: A theoretical and empirical extension</i>
8:30am - 8:50am	S098: Systematic review of inclusion of mcc in behavioral/psychosocial RCTs targeting participants with cancer <i>G. Colditz</i>	S102: Self-control failure and its repair among alcohol and tobacco dependent individuals <i>W.K. Bickel</i>	S106: Development and implementation of a culturally tailored text message maternal & child health programme <i>R. Whittaker</i>	S110: The importance of ambulatory blood pressure variability: Examining its psychosocial predictors and relationship with a marker of cardiovascular disease <i>M.J. Zawadzki</i>	S114: Do expensive drugs have more side effects? <i>K.J. Petrie</i>	S119: Implementing state nutrition guidelines and policies in schools and center based childcare: Barriers and enablers <i>S. Yoong</i>	S123: Stress and wound healing in the clinical setting: Differential effects for acute and chronic wounds <i>J. Weinman</i>	S137: Increasing sexual counselling delivery in cardiac rehabilitation: Developing the charms intervention using the behaviour change wheel approach <i>J. McSharry</i>	S133: Data science in the identification and management of interventions for child abuse <i>A. Verhoeff</i>	S128: Mediating role of effort/reward imbalance on the association of organisational justice with psychological distress: Theoretical and empirical considerations <i>A. Inoue</i>
8:50am - 9:10am	S099: Tailoring exercise interventions to comorbidities and treatment-induced adverse effects in patients with early stage breast cancer undergoing chemotherapy: A framework to support clinical decisions <i>M. Van der Leeden</i>	S103: Some recent developments on financial incentives for smoking cessation among pregnant and newly postpartum women <i>S.T. Higgins</i>	S107: Cultural and linguistic adaptation of a healthy diet text message intervention for Hispanic adults <i>L.D. Cameron</i>	S111: Modeling of 24-hour blood pressure variability using two response trajectory analysis <i>L. Parkkinen</i>	S115: Dizzy but positive - A randomized controlled trial on side effect expectancy <i>M. Wilhelm</i>	S120: Application of theoretical domains framework to inform an intervention to improve implementation of food services nutrition guidelines by center based childcare services <i>M. Firth</i>	S124: Does expressive writing performed before or after wounding have a beneficial impact on healing? <i>H. Robinson</i>	S138: Using intervention mapping to design, implement and evaluate an executive function training intervention <i>V. Allom</i>	S134: The Vaterbotten intervention program <i>N. Ng</i>	S129: Psychosocial safety climate as a multilevel extension of ERI theory: Evidence from Australia <i>M.S. Owen</i>

9:10am - 9:30am	S100: Integrating behavioral medicine into primary care models of cancer survivorship <i>J. Emery</i>	Combing behavioral economics and behavioral pharmacology to understand the link between cocaine use and HIV sexual risk behavior <i>M.W. Johnson</i>	S108: TXTTAAOFITAPAA (text stop smoke): A text-based smoking cessation programme adaption for Samoa <i>J. McCool</i>	S112: The prediction of arterial stiffness using behavioral stress tasks: 10 years of follow up <i>M.T. Tuomisto</i>	S116: Conditioning of amitriptyline-induced rem-sleep suppression <i>A. Winkler</i>	S121: Theory-informed interventions to increase implementation of mandatory healthy food policy in schools: Application of the theoretical domains framework <i>N. Nathan</i>	S125: A randomized controlled trial investigating the effects of an expressive writing intervention on surgical wound healing in bariatric patients <i>H. Koschwanez</i>	S139: Designing theory-based mHealth tools for weight loss maintenance: The NoHow toolkit <i>M.M. Marques</i>	S135: Device linked data as a shared resource for behavior change <i>D.D. Reidpath</i>	S130: Predicting cardiovascular disease risk from psychosocial safety climate in an extended effort-reward imbalance model <i>H. Becher</i>
9:30am - 9:50am	Discussant: J. Suls	Discussnt: R. Borland	Discussant: J. McCool	Discussant: P.G. Kaufmann	S117: The Psy-Heart trial: Preoperative optimization of patients' expectations improves short and long term outcomes in heart surgery patients <i>S.Salzmann</i>	Discussant: L. Wolfenden	S126: The effects of social support on skin barrier recovery <i>E. Broadbent</i>	S140: Using n-of-1 methodology to inform the development of individualized, evidence-based interventions for patients with xeroderma pigmentosum <i>K. Sainsbury</i>	Discussion	S131: Effort-reward imbalance model as a mediator between workplace bullying and psychological distress <i>K. Tsuno</i>
9:50am - 10:00am					Discussion		Discussion	Discussion		Discussion
10:00am - 10:15am	<i>Transition time between sessions</i>									
10:15am - 11:00am	Keynote Address Plenary (Grand 1-4) Medically unexplained syndromes (MUS): Time for a name and system change <i>Professor Rona Moss-Morris</i> Session Chair: Joost Dekker									
11:00am - 11:30am	Morning Tea Break Grand Lobby and Exhibition Area									

ROOM	Grand 1 & 2	Grand 3 & 4	State 1	State 2	State 3	Element	Lake 1 & 2	Lake 3 & 4	Albert	Victoria	Park
11:30am - 1:00pm	Session 2A Symposium	Session 2B Oral Papers	Session 2C Oral Papers	Session 2D Oral Papers	Session 2E Symposium	Session 2F Oral Papers	Session 2G Oral papers	Session 2H Oral Papers	Session 2I Oral Papers	Session 2J Oral Papers	Session 2K Oral Papers
	Chair: Sherri Sheinfeld Gorin	Chair: Judith Prins	Chair: Per Fink	Chair: Emily Kothe	Chair: Simon Bacon	Chair: John Cunningham	Chair: Sakari Suominen	Chair: Sylvie Naar	Chair: Akihito Shimazu	Chair: Joachim Fischer	Chair: Stephan Zipfel
	<i>Increasing the uptake of the HPV vaccine: Four countries examine barriers and look ahead</i>	<i>Relationships and resilience in cancer survivorship</i>	<i>Measuring and treating somatic disorders</i>	<i>Current directions in healthy eating research</i>	<i>The International Behavioral Trials Network (IBTN): An international effort to improve the rigor and impact of behavioral clinical trials</i>	<i>Interventions in eHealth and mHealth</i>	<i>The role of cognitions in health behaviours</i>	<i>Healthy eating: Barriers and facilitators</i>	<i>The stresses of work</i>	<i>Interventions to improve resilience</i>	<i>Contemporary issues in eating disorders</i>
11:30am - 11:45am	S142: HPV vaccination in Australia: Coverage, impact and where to next? <i>J. Brotherton</i>	O145: Cancer and heart attack survivors' expectations of employment status: Results from the English longitudinal study of ageing <i>S. Duijts</i>	O151: Explaining the placebo response with symptom burden and illness expectancy <i>A. Beath</i>	O157: Early weight-loss in culturally-informed lifestyle intervention predicts longer-term weight-loss in pacific islanders <i>J.K. Kaholokula</i>	S164: What is the intentional behavioral trials network and what can it do for you? <i>S.L. Bacon</i>	O167: Assessing the effectiveness of an internet-based instructor-led mindfulness intervention for reducing stress, depression and anxiety: A randomized waitlist control trial <i>D. Querstret</i>		O180: Development of a new emotional eating battery <i>E. Strodl</i>		O708: Implications of Tamarkoz on reducing stress for university students <i>N. Bahadorani</i>	O185: The interrelationship between orthorexia nervosa, perfectionism, body image and attachment style <i>M. Caltabiano</i>
	11:45am - 12:00pm	O146: Factors associated with romantic relationship formation after breast cancer <i>L-K. Shaw</i>		O158: Fruit and vegetable consumption during pregnancy: An action control framework approach <i>E.J. Kothe</i>		O168: Web based-support for people with low health literacy: Trials of a digital intervention to support diabetes self-management in five countries <i>A. Rowsell</i>	O174: Personalised feedback from a drink pouring task can improve adherence to government guidelines for alcohol consumption <i>R.O. de Visser</i>	O181: Food literacy is positively associated with healthy food behaviours <i>M. Burton</i>	O198: Loss of healthy life years between ages 50–75 years attributed to job strain: Analyses of 64,533 individuals from four prospective European cohort studies <i>H. Westerlund</i>	O192: Effects of mindfulness training on behavioral and neurophysiological findings among early career nurses <i>K. Doshi</i>	O186: Eating disorder pathology in elite adolescent athletes <i>S. Zipfel</i>
12:00pm - 12:15pm	S143: HPV vaccination in girls from ethnic minority backgrounds in the UK <i>J. Waller</i>	O147: 'The hopeful and the resilient': A bio-psycho-social-spiritual cancer and non-cancer perspective <i>H. Whitford</i>	O153: Patient-tailored modular treatment for patients with multi-organ bodily distress syndrome <i>A. Schroder</i>	O159: Implementing state nutrition guidelines and policies in childcare: Barriers and enablers <i>S. Yoong</i>	S165: Designing more effective behavioral treatments for chronic diseases: The orbit model for behavioral intervention development <i>S.M. Czajkowski</i>	O169: Recruiting socioeconomically disadvantaged parents to an mHealth intervention: Lessons from the growing healthy program <i>R. Laws</i>	O175: Better perceived health among the Swedish speaking minority as compared to the Finnish speaking majority in Finland - An intergenerational perspective <i>S. Suominen</i>	O182: Understanding the strategies, facilitators, barriers, and weight management experiences by different stages of action: A snap-shot of Australian dieters <i>H. Lease</i>	O199: Association between occupational stress and human errors in experienced train drivers: A population-based nationwide study in South Korea <i>J-H. Lee</i>	O193: Developing a resilience intervention for early motherhood using the behaviour change wheel <i>C. Snodin</i>	O187: Risk factors for disordered eating in adolescence: A longitudinal study <i>K. Zarychta</i>

12:15pm - 12:30pm	<i>J. Waller continued</i>	O148: Psychosocial correlates of well-being among Chinese husband caregivers of breast cancer survivors: Applications of the stress and coping model <i>N.C.Y. Yeung</i>	O154: Illness perception and patient satisfaction following a short-term psycho-education among patients with multi-organ bodily distress syndrome <i>H.F. Pedersen</i>	O160: A mixed methods investigation of psychological factors relevant to weight maintenance <i>A. Dibb-Smith</i>	<i>S.M. Czajkowski continued</i>	O170: Randomized controlled trial of an mHealth alcohol intervention following and injury admission <i>S. Sharpe</i>	O176: Increasing the provision of preventive care to community drug and alcohol clients: A pilot study <i>D. Tremain</i>	O183: Mobilising social support: Insights for the development of a web and app based intervention for weight loss <i>S.A. Simpson</i>	O200: Intellectual engagement at work in relation to mobility and pain 20 years later after retirement <i>I. Kareholt</i>	O194: A single session of yoga improves recovery after an acute psychological stress task in healthy individuals <i>M. Benvenuti</i>	
12:30pm - 12:45pm	S144: Knowledge, beliefs and practices regarding HPV vaccination among Mexican mothers in the U.S and Mexico <i>Y.N. Flores</i>	O149: Women's experiences of the process of being diagnosed with ovarian cancer: Implications for health services <i>L. Jelacic</i>	O155: One step at a time: Internet-based treatment for bodily distress syndromes (BDS) <i>L. Frosthalm</i>	O161: Social norm interventions: Are they effective in promoting healthy eating? <i>K.T. Verkooijen</i>	S166: How to build behavioral research networks to be able to deliver an intentional, high-quality, behavioral trial addressing global behavioral health problems <i>K.E. Fredland</i>	O171: Txt4two: A mobile health intervention promoting healthy weight gain in pregnancy <i>J.C. Willcox</i>	O177: The effect of cognitive behavioral group therapy on improving psychosomatic symptoms associated with radiation stress among mothers in Fukushimas, Japan: A randomised controlled trial <i>Y. Sekiya</i>	O184: Improved confidence in performing nutrition and physical activity behaviours mediates change in young adults: Behavioral outcomes and mediation results of a randomised controlled mHealth intervention <i>S.R. Partridge</i>	O201: The evaluation of the cumulative psychosocial risk at work with a composite risk score in a population based survey <i>A. Stauder</i>	O195: Coping with debt: Loans, but not taxes, elicit maladaptive cardiovascular stress responses <i>M. Weick</i>	O189: Self-control predicts weight changes among women in a 7-year population-based prospective study <i>A. Haukkala</i>
12:45pm - 1:00pm		O150: Are mindfulness and self-compassion related to psychological distress and communication in couples facing lung cancer? A dyadic approach <i>M.P.J. Schellekens</i>	O156: Feasibility of acceptance and commitment group therapy for adolescents with severe functional somatic syndromes: A pilot study <i>K.H. Kallesoe</i>	O162: Can 5+ a day keep the psychologist away? The role of fruit and vegetables in psychological wellbeing <i>K. Brookie</i>		O172: Smartphone application for unhealthy alcohol use: A pilot study <i>J.A. Cunningham</i>	O178: Effectiveness of a text message intervention to reduce binge drinking in disadvantaged men <i>I.K. Crombie</i>	Discussion	O202: Joy and purpose at work – Key mediators from work related resources and work stress to health and productivity <i>J. Fischer</i>	O196: Stranger and nonstranger harassment: Coping strategies and barriers to support seeking <i>J. Mensink</i>	O190: "I look at myself and feel like I'm too skinny." A comparison of the influences of body image ideals in boys and girls in Australia <i>S. Thomas</i>
1:00pm - 2:30pm	Lunch Break Grand Lobby and Exhibition Area										
1:15pm - 2:15pm	Lunch Session # 1 Grand 1 & 2 Meet the Editors session			Lunch Session # 2 Lake 1 & 2 Developing behavioral health / Medicine in Asia (The Hong Kong Society of Behavioral Health)			Lunch Session # 3 Lake 3 & 4 SBM / ISBM Meeting				
2:30pm - 3:15pm	Master Lecture Grand 1 & 2 Social regulation of human gene expression <i>Professor Steve Cole</i> Session Chair: Susan Lutgendorf						Master Lecture Grand 3 & 4 Web-based self-management interventions and blended therapy for distress reduction in cancer survivors <i>Professor Judith Prins</i> Session Chair: Frank Penedo				
3:15pm - 3:45pm	Afternoon Tea Break Grand Lobby and Exhibition Area										

ROOM	Grand 1 & 2	Grand 3 & 4	State 1	State 2	State 3	Element	Lake 1 & 2	Lake 3 & 4	Albert	Victoria	Park
3:45pm - 5:15pm	Session 3A Oral Papers	Session 3B Oral Papers	Session 3C Oral Papers	Session 3D Oral Papers	Session 3E Symposium	Session 3F Oral Papers	Session 3G Oral Papers	Session 3H Oral Papers	Session 3I Oral Papers	Session 3J Oral Papers	Session 3K Oral Papers
	Chair: Maria Kleinstauber	Chair: Marije Wolvers	Chair: Geert Crombez	Chair: Elizabeth Eakin	Chair: Chengxuan Qiu	Chair: Lisa Beatty	Chair: Charles Abraham	Chair: Sarah Derrett	Chair: Maureen Dollard	Chair: Annette La Greca	Chair: Paula Repetto
	<i>Innovative approaches to healthy eating interventions</i>	<i>Cancer fatigue: Current directions</i>	<i>Ways forward in pain interventions</i>	<i>Diversity in approaches to cancer prevention</i>	<i>Health behaviors, cerebrovascular lesions and cognitive function</i>	<i>A broad array of eHealth and mHealth approaches</i>	<i>Mechanisms of change in healthy eating trials</i>	<i>Contemporary foci in global health</i>	<i>Third wave interventions in the workplace</i>	<i>Environmental influences on eating behaviours</i>	<i>The role of environment, attitudes, expectancies and norms in addictive behaviours</i>
3:45pm - 4:00pm	O203: Increases in self-regulatory skills and automaticity mediate the effect of a habit based intervention on weight loss <i>N. Kliemann</i>	O209: Screening for severe fatigue in newly diagnosed breast and colorectal cancer patients with the Distress Thermometer <i>H.J.G. Abrahams</i>	O214: Efficacy of tailored exercise therapy on physical functioning in patients with knee osteoarthritis and comorbidity: A randomized controlled trial <i>M. de Rooij</i>	O220: Standardization of the cancer health literacy test in a non-cancer population <i>L. Dumenci</i>	S226: Health behaviors, cerebral small vessel disease and cognitive aging <i>C. Qui</i>	O229: Internet use among orthopaedic trauma patients <i>S. McCrabb</i>	O235: The 'TACTA' principle: A framework for specifying behaviour and its complexity in behaviour change research <i>J.J. Francis</i>	O241: Social and behavioral determinants for dental caries of children 7-12 years old in south part of Iran <i>A. Madani</i>	O258: Physical activity and sedentary behaviour in a flexible workplace: Employee and management perceptions and strategies for intervention <i>H. Olsen</i>		O247: Effects of a brief web-based 'social norms' intervention on cannabis use among German university students: Results of a cluster-controlled trial <i>C.R. Pischke</i>
4:00pm - 4:15pm	O204: An intervention to facilitate the implementation of obesity prevention policies and practices in childcare services: A randomised controlled trial <i>J. Jones</i>	O210: Comorbidity of depression, anxiety, and fatigue in cancer patients receiving psychological care <i>L. Zhu</i>	O215: Psychological interventions for rheumatoid arthritis: A systematic review of reviews <i>L. Prothero</i>	O221: Attitudes towards the faecal occult blood test (FOBT) versus the faecal immunochemical test (FIT) for colorectal cancer screening <i>R. O'Carroll</i>		O230: Promoting well-being in interpersonal, community, occupational, physical, psychological, and economic domains using online technologies and games: A randomized controlled trial of "Fun for Wellness" <i>I. Prilleltensky</i>	O236: Next level health: An integrated health programme using multiple behaviour change to develop a balanced health practice for women <i>V. Chinn</i>	O242: Working soon after injury: A study of injured Māori <i>E.H. Wyeth</i>	O259: Does internet-based cognitive behavioral therapy (iCBT) prevent major depressive episode for workers? A 12-month follow-up of a randomized controlled trial <i>K. Imamura</i>	O253: Assessing the influence of mother-child mealtime behaviors on pre-schoolers' eating and weight patterns <i>H. Bergmeier</i>	O248: The role of expectancy in caffeine withdrawal <i>B. Colagiuri</i>
4:15pm - 4:30pm	O205: An mHealth intervention for improving wellbeing and weight maintenance outcomes: Lessons from a randomised controlled trial <i>E. Brindal</i>	O211: Risk factors, prevalence, and course of severe fatigue after breast cancer treatment: A meta-analysis involving 12,327 breast cancer survivors <i>H.J.G. Abrahams</i>	O216: Barriers and facilitators to general practitioner use of exercise and weight-loss interventions for managing knee osteoarthritis <i>T. Egerton</i>	O222: Coping strategies and cancer incidence and mortality: The Japan public health center-based prospective study <i>T. Svensson</i>	S227: Multimodal (cognitive-physical-psychological) intervention to improve brain plasticity and cognition in older adults <i>X. Zhu</i>	O231: Preventing obesity in infancy: Outcomes of the growing healthy mHealth intervention <i>R. Laws</i>	O237: The smart generation trial: A brief communication designed for adolescents promoting avoiding alcohol before the age of 18 <i>B. Rowland</i>	O243: Predictors of self-reported disability in adults with non-specific chronic low back pain living in rural Nigeria <i>E. Godfrey</i>	O260: Enumerating the "Google-Effect" – The added value of comprehensive well-being at work interventions over traditional health promotion <i>J.E. Fischer</i>	O254: Understanding the maternal dietary choices during pregnancy: The role of social norms and mindful eating <i>A.D. Hutchinson</i>	O249: Integrity, health or behaviour: Media framing of sports wagering in Australia <i>J.L. David</i>

4:30pm - 4:45pm	O206: The potential of online canteens to deliver public health nutrition interventions to school communities <i>R. Wyse</i>	O212: Physical behavior profiles in cancer-related fatigue <i>M.D.J. Wolvers</i>	O217: Does information become actual knowledge in surgical spine patients? A qualitative study <i>C.A. Nielsen</i>	O223: A pilot cluster randomised trial of electronic feedback, online and telephone support on multiple health behaviours among vocational education students <i>F. Tzelepis</i>	<i>X. Zhu continued</i>	O232: Can a mHealth program influence infant feeding? An exploration of the effects of the growing healthy program on mothers' feeding behaviours and their antecedents <i>E. Litterbach</i>	O238: Change processes and effectiveness in group-based weight loss interventions <i>A. Borek</i>		O261: Effect of mindfulness training on the course of psychological distress and positive mental health of medical students during their clinical clerkships. A cluster-randomized controlled trial <i>A. Speckens</i>	O255: Are babies conceived during Ramadan born smaller and sooner than babies conceived at other times of the year? <i>A.J. Daley</i>	O250: Do children implicitly associate unhealthy products with sport? A study of children's recall of Australian jersey sponsors <i>A. Bestman</i>
4:45pm - 5:00pm	O207: Screening for obesity and brief intervention for weight loss in primary care: A randomised trial <i>P. Aveyard</i>	O213: Effectiveness of two internet interventions for cancer-related fatigue: Results of a 3-armed randomized controlled trial 'Fitter Na Kanker' <i>M.D.J. Wolvers</i>	O218: A telephone-based lifestyle behavioural intervention for overweight or obese patients with low back pain <i>E. Robson</i>	O482: Cognitive and psychosocial determinants of colorectal cancer screening behavior among an Italian population <i>G. Sak</i>	S228: Dementia risk reduction trials targeting diet and physical health <i>K.J. Anstey</i>		O239: Group interventions facilitate normative change: Investigating the mechanism of action in eating disorder prevention groups <i>T. Cruwys</i>	O245: Communities of faith and health eating – A multilevel study of Seventh-Day Adventist congregations in Malaysia <i>M.M. Tan</i>	O262: Mindfulness-based stress reduction for medical residents: Effects on burnout and wellbeing. A randomized controlled trial <i>H. Verweij</i>	O256: Childhood dietary trajectories, adiposity and cardiovascular health: A community-based longitudinal study <i>J.A. Kerr</i>	O251: Are universal school-based protective factor interventions effective in reducing adolescent substance use? Results from a systematic review <i>R.K. Hodder</i>
5:00pm - 5:15pm	O218: Efficacy of a gender-tailored intervention to prevent weight regain in men over three years: A weight loss maintenance RCT <i>M.D. Young</i>	Discussion	O219: A weight management and healthy lifestyle program for overweight and obese patients with knee osteoarthritis <i>K. O'Brien</i>	Discussion		O234: Real-time remotely monitored exercise is comparable to traditionally supervised programmes for coronary heart disease patients: Nested pilot results from the REMOTE-CR non-inferiority RCT <i>J. Rawstorn</i>	O240: Mechanisms of action in group interventions (MAGI) study: Initial findings and a conceptual framework <i>J.R. Smith</i>	O246: Association of habitual speeding and unsafe vehicles with car crash injuries in Fiji: A case control study <i>S. Ameratunga</i>	O263: Feasibility and effectiveness of a 'mindful leadership' training for medical specialists. A controlled pilot study <i>A. Speckens</i>	O257: Aspects of food literacy and fruit and vegetable intake among adolescents <i>A. Timperio</i>	O269: Co-occurring depression, tobacco and alcohol use in a sample of head and neck cancer patients undergoing radiotherapy <i>K. McCarter</i>
5:30pm - 7:00pm	Poster Viewing Session # 2 (Grand Lobby and Exhibition Area)										

FRIDAY 9 DECEMBER 2016

ISBM New Board Breakfast
Windows Restaurant | Pullman Melbourne Albert Park
(by invitation only)

ROOM	Plenary (Grand 1-4)	State 1	State 2	State 3	Element	Lake 1 & 2	Lake 3 & 4	Albert	Victoria	Park
7:15am - 8:15am	Session 4A Invited Symposium Chair: Ronan O'Carroll	Session 4B Symposium Chair: Geert Crombez	Session 4C Symposium Chair: Daniela Zahn	Session 4D Symposium Chair: Susan Lutgendorf	Session 4E Symposium Chair: Lisa Beatty	Session 4F Symposium Chair: Susan Czaikowski	Session 4G Symposium Chair: Elissa Weitzman	Session 4H Symposium Chair: Lesley McGregor	Session 4I Symposium Chair: Paul Brown	Session 4J Symposium Chair: Deborah Wiebe
	<i>Understanding and improving treatment adherence across the lifespan</i>	<i>Attentional biases in pain: A state of the art</i>	<i>Psychosocial aspects in diabetes – old and new challenges</i>	<i>Stress processes, metastatic pathways, leukocyte gene expression and clinical outcomes in cancer</i>	<i>Online psychological interventions for cancer-related distress</i>	<i>New approaches to obesity prevention and treatment: Findings from the obesity-related behavioural interventions trials (ORBIT) consortium</i>	<i>Measuring and addressing intersecting epidemics of chronic disease and substance use among adolescents</i>	<i>Colorectal cancer screening: How to engage invitees and keep them coming back for more</i>	<i>Measuring what people value: Discrete choice survey results on organ donations, antibiotic use, and options for childbirth</i>	<i>Relationships and health across adolescence: Insights from longitudinal research</i>
8:30am - 8:50am	S361: Prevalence and factors associated with fixed-dose combination antiretroviral drugs adherence among HIV positive pregnant women in Mpumalanga province, South Africa <i>S. Ramlagan</i>	S366: Attentional biases in pain: A meta-analysis of dot probe research <i>J. Todd</i>	S370: Different associations of depressive subtypes with glycemic control in people with diabetes <i>D. Ehrmann</i>	S374: Chronic stress remodels lymph vasculature to promote tumor cell dissemination <i>E.K. Sloan</i>	S378: Addressing body image-related distress in breast cancer survivors: Impact of the 'my changed body' online self-compassion writing intervention <i>K.A. Sherman</i>	S382: The obesity-related behavioral intervention trials (orbit) consortium: Developing new ways to prevent and treat obesity <i>S.M. Czaikowski</i>	S386: Measuring substance use trajectories through early adulthood among youth with and without chronic conditions <i>L.E. Wisk</i>	S398: Using a self-referral reminder to increase bowel scope (flexible sigmoidoscopy) screening uptake in England: A 'scoping' exercise <i>L.M. 	<i>Something from nothing: How to improve health outcomes via the placebo effect</i>	<i>Management of the barriers to adherence in cancer treatments</i>	<i>Predicting and changing health behaviours</i>	<i>Theoretical approaches to health behaviour change</i>	<i>Personalizing behavioral medicine interventions through N-of-1 studies</i>	<i>Population level implementation of interventions to enhance cancer outcomes: Challenges and successes</i>	<i>Contemporary approaches to health promotion</i>	<i>Current directions in diabetes research</i>	<i>The workplace as a venue for interventions to improve health</i>	<i>Improving tobacco control interventions</i>	<i>Early environments and health</i>
11:30am - 11:45am	S402: Learning mechanisms that facilitate the placebo effect <i>B. Colagiuri</i>	O405: Severe fatigue after treatment of ductal carcinoma in situ: A comparison with breast cancer survivors and age-matched healthy controls <i>H.J.G. Abrahams</i>	O411: Health cognitive style: A new measure predicts variance in health behaviour <i>C.E. McGuiness</i>	O418: Testing a multi-phase, multi-theory model of health behaviour: Exploring fruit and vegetable consumption in long-haul drivers <i>D. Brown</i>	S424: Dynamic modelling of single-case (N-of-1) data: Challenges and novel applications <i>R. Vieira</i>	S428: Beyond behavioral interventions: Promoting public agenda to address health disparities <i>K. Viswanath</i>	O431: Raising adolescent cancer awareness and cancer communication in families <i>G. Hubbard</i>	O437: Achieving type 2 diabetes action and collaborative change in Aboriginal community controlled health services: Outcomes of the ADACC cluster randomised trial <i>C.L. Paul</i>	O455: Association of job stressors with panic attack and panic disorder in a working population in Japan: A cross sectional study <i>Y. Asai</i>	O443: Change in smoking behavior following changes in residential proximity to tobacco retail outlets – the “smoking gun”? <i>J. Vahtera</i>	O449: Sociocultural influences on strategies to lose weight, gain weight, and increase muscles among ten cultural groups <i>M.P. McCabe</i>

11:45am - 12:00pm	<i>B. Colagiuri continued</i>	O407: A randomised controlled trial (RCT) evaluating a web based cognitive rehabilitation programme (CRP) in cancer survivors reporting cognitive symptoms following chemotherapy <i>H.M. Dhillon</i>	O412: Chronic disease risk behaviour care for people with a mental illness: Family carer expectations of health and community services <i>A. Metse</i>	O427: Translating dental flossing intentions into behaviour: A longitudinal investigation of the mediating effect of planning and self-efficacy <i>K. Hamilton</i>	<i>R. Vieira continued</i>	<i>K. Viswanath continued</i>	O432: Synergistic benefits of intra-oral camera use and SMS for dental hygiene behaviors and gingival health among adult patients with gingivitis: A randomized controlled trial <i>M. Araujo</i>	O438: A community-based, theory-based, setting-based screening and clustered randomized controlled trial to promote physical activity among physically inactive people with impaired glucose tolerance and impaired fasting glucose <i>J.T.F. Lau</i>	O456: Effects of a job crafting intervention program on work engagement among Japanese employees: A pretest-posttest study <i>A. Sakuraya</i>	O444: Australian GP's and obstetrician management of smoking in pregnant women - where do we need to intervene? <i>Y. Bar Zeev</i>	O450: Early childhood determinants of screen time during middle childhood <i>T. Hinkley</i>
12:00pm - 12:15pm	S403: Social behaviours and systems that enhance placebo analgesia <i>L. Colloca</i>	O406: Breast cancer and chemotherapy induce neuroinflammation, memory deficits and affective symptoms in mice <i>A.K. Walker</i>	O413: Embodied effects of demographics on perceived steepness, an environmental cue that decreases lifestyle physical activity <i>F.F. Eves</i>	O419: Identifying the effective components of computer-delivered interventions to reduce alcohol consumption <i>N. Black</i>	S425: Observational N-of-1 studies of health behaviors: Can this advance the science of behavior change? <i>K.W. Davidson</i>	S429: A GPS for cancer care: How patient navigation engages Latinos in preventing and reducing health disparities <i>A. Ramirez</i>	O433: Your health, your life: A workplace health promotion program for men at midlife <i>C. Connaughton</i>	O439: The community-based prevention of diabetes (COMPOD) trial of the voluntary sector-led living well, taking control (LWTC) diabetes prevention programme <i>J.R. Smith</i>	O457: Comparisons of employee engagement across three health services targeting healthy physical activity and nutrition <i>T. Street</i>	O445: The effect of a brief low-cost, text messaging intervention to promote tobacco cessation in clinical practice among physicians in Nigeria <i>O.O. Odukoya</i>	O451: Do early education environments support, challenge or undermine nutrition-related behaviours in the home? <i>S. Gerritsen</i>
12:15pm - 12:30pm		O408: Understanding barriers to tamoxifen adherence in women with breast cancer: A qualitative study <i>Z. Moon</i>	O414: Motivational interviewing and multimorbidity: What is the potential for motivational interviewing as an intervention across a range of conditions and lifestyle factors, and delivered by a range of clinicians? <i>K.J. McKenzie</i>	O420: Drowning in data: 7,500 responses to a text message intervention <i>J.K. Crombie</i>			O434: Development of a randomized controlled intervention diminishing socioeconomic inequalities in energy balance-related behaviors at a preschool setting <i>C. Ray</i>	O440: How do diabetes prevention groups generate individual change? <i>A. Borek</i>	O468: Managers and coworkers perceptions of activity based work – A sub study of the Aktikon project <i>A. Pettersson-Stromback</i>	O446: Primary care management of smoking in people treated for lung, bladder or upper aerodigestive tract cancer: A cohort study <i>A. Farley</i>	O451: Sports for socially vulnerable youth: When does it contribute to positive health? <i>K.T. Verkkooijen</i>

12:30pm - 12:45pm	S404: When do placebo effects endure over time? Testing the role of cognitive elaboration <i>A.L. Geers</i>			O421: Telling a story to change behaviour: Evaluation of a narrative based intervention <i>L. Irvine</i>	S426: N-of-1 trials using mobile devices to support patient engagement and decision-making in chronic pain <i>R.L. Kravitz</i>	S430: Organization-level intervention to increase HPV vaccine uptake among ethnic minority adolescents in a community clinic system <i>R. Bastani</i>	O435: Should brief motivational interviewing training be included in medical curricula? <i>E. Edwards</i>	<i>A. Borek continued</i>	O461: Creating healthy active leaders for kids (CHALK): Principals and teachers acceptability of a teacher's health initiative <i>N. Nathan</i>	O447: Retention of homeless smokers in a smoking cessation clinical trial <i>K. Okuyemi</i>	O453: Adolescents who are worried about their drinking and the 'inverse care law' <i>S. Ameratunga</i>
12:45pm - 1:00pm	Discussant: <i>W. Rief</i>	Association between patient activation and mobile, sensor technology adherence in head and neck cancer patients undergoing radiation treatment <i>S.K. Peterson</i>	O416: Can we measure implementation progress using normalization process theory? Development and validation of the nomad survey tool <i>T.L. Finch</i>	O422: An investigation of the influence of "alternate" prototypes on incidental sun exposure in a high-risk region <i>K. Morris</i>	Discussant: <i>I. Kronish</i>	Discussant: <i>C. Lee</i>	O436: How does using glasses marked with UK alcohol units affect adherence to government guidelines? <i>R.O. de Visser</i>	O442: Development of an online intervention for the prevention of severe hypoglycemia in type 1 diabetes <i>C. Hendrieckx</i>	O460: Reshaping antecedents of health behaviour: Planning, implementing, and evaluating a theoretically-based health promotion program in a remotely-located, predominantly male workplace. <i>D. Post</i>	O448: Impacts of pictorial health warning labels over time, with different themed imagery contents (suffering, symbolic and graphic) in Australia, Canada and Mexico <i>H.H. Yong</i>	O454: Disparities in educational attainment and subsequent adverse health effects among adolescents with chronic conditions <i>L.E. Wisk</i>
1:00pm - 2:30pm	Lunch Break and Poster Viewing Session # 3 Grand Lobby and Exhibition Area										
1:15pm - 2:15pm	Lunch Session # 1 Park Room ASBHM Executive Committee Meeting			Lunch Session # 2 Lake 1 & 2 ISBM Education and Training Committee Meeting			Lunch Session # 3 Lake 3 & 4 HPV Research Network Meeting			Lunch Session # 4 Grand 3 & 4 INSPIRE Panel Session	
2:30pm - 3:15pm	Master Lecture Grand 1 & 2 Hearts and minds: Understanding the psychosocial contributors to chronic disease inequalities in Aboriginal Australians <i>Professor Alex Brown</i> Session Chair: <i>Kerry Sherman</i>						Master Lecture Grand 3 & 4 What can we learn from placebo and nocebo responses? <i>Professor Winfried Rief</i> Session Chair: <i>Ronan O'Carroll</i>				
3:15pm - 3:45pm	Afternoon Tea Break Grand Lobby and Exhibition Area

	Chair: Omer Van den Bergh	Chair: Phyllis Butow	Chair: Egil Fors	Chair: Jill Francis	Chair: Anna Timperio	Chair: Sylvie Naar	Chair: Deborah Jones	Chair: Melanie Wakefield	Chair: Konstadina Griva	Chair: Erica Sloan	Chair: Luke Wolfenden
	<i>Affective processing of somatic information in persons with medically unexplained symptoms</i>	<i>Improving health outcomes in cancer survivors</i>	<i>Developments in treatments for pain management</i>	<i>Innovation in research translation</i>	<i>Understanding perceptions of physical activity</i>	<i>Motivational interviewing and the HIV cascade: From intervention development to implementation</i>	<i>Dismantling barriers to adherence behaviours</i>	<i>Measuring and changing the psychosocial predictors of smoking</i>	<i>Current developments in diabetes interventions</i>	<i>Contemporary issues in biobehavioural research</i>	<i>Predicting and intervening in young people's health behaviour</i>
3:45pm - 4:00pm	S566: What symptoms change in response to a placebo and nocebo induction? <i>F. Crichton</i>	O569: Translating research into practice: The healthy living after cancer partnership project <i>E. Eakin</i>	O575: What makes intensive pain programs work and for who? <i>M.R. Shelley</i>	O581: Thrombolysis implementation in stroke (TIPS): Variation in 'readiness to change' and engagement with translation strategies <i>C.L. Paul</i>	O587: Psychological, social and environmental correlates of physical activity and sedentary behaviours in Hong Kong adolescents <i>E. Cerin</i>	S594: Preliminary efficacy of an MI plus CBT intervention for HIV-positive gay and bisexual men with sexual compulsivity <i>S. Naar</i>	O597: Developing and validating a theoretical measure of modifiable influences on hormonal therapy medication taking behaviour <i>C. Cahir</i>	O603: The association between the nature of commitments to a goal and quitting smoking <i>R. Borland</i>	O621: Exercise interventions for the improvement of falls-related outcomes among older adults with diabetes mellitus: A systematic review and meta-analyses <i>E. Renehan</i>	O615: Depression moderates the intergenerational transmission of obesity: The cardiovascular risk in young Finns study <i>A. Serlachius</i>	O609: A sports intervention improved adolescents' mental wellbeing through resilience and sleep quality: A randomised controlled trial <i>F.K. Ho</i>
4:00pm - 4:15pm	<i>F. Crichton continued</i>	O570: Cancer survivors' perspectives and experiences regarding behavioral determinants of return to work and continuation of work <i>S. Duijts</i>	O576: "A light bulb moment!" Experiences of delivering physiotherapy informed by acceptance and commitment therapy (pact) <i>E. Godfrey</i>	O582: Increasing the implementation of a state-wide healthy canteen policy: Results of three randomised-controlled trials <i>N. Nathan</i>	O588: Family-based physical activity in early childhood: A qualitative investigation of parent perceptions <i>J. Hantiuk</i>	<i>S. Naar continued</i>	O598: The effectiveness of a personalized text, internet, and phone based intervention on adherence to medication in diabetes <i>A. D'Souza</i>	O604: Exploring smoking beliefs among Chinese adolescents to inform a theory-based intervention <i>X. Zhao</i>	O622: The HealthRise model: Patient empowerment for self-care in diabetes <i>N. Chaudhury</i>	O616: Iron status is associated with high stress but not depression, anxiety or fatigue in premenopausal women <i>L.K. Byrne</i>	O610: Individual, social and environmental correlates of dietary behaviours in Hong Kong adolescents <i>A. Barnett</i>
4:15pm - 4:30pm	S557: The role of retrospective memory in symptom (over) reporting <i>O. Van den Bergh</i>	O571: Anti-inflammatory nutritional interventions may contribute to reduced risk of recurrence in breast cancer survivors: A randomized controlled trial <i>A. Ramirez</i>	O577: Physical therapists' assessments, analyses and use of behavioral change techniques in initial consultations on musculoskeletal pain: Direct observations in primary health care <i>C. Emilson</i>	O583: Mapping patient journeys: Understanding and improving patient experience through research and co-design <i>J. Main</i>	O589: Individual perceptions of physical activity in a community-level initiative in north Queensland, Australia <i>S. Gayton</i>	S595: Implementing healthy choices in adolescent HIV clinics in the united states: A mixed methods study within an effectiveness-implementation hybrid trial <i>S. Naar</i>	O599: Using a theoretical approach to identify factors influencing adherence to an exercise program for adults with venous leg ulcers <i>J. O'Brien</i>	O605: Chronological narratives of smoking and being smoke-free in pregnancy by Aboriginal Australian women in New South Wales: A qualitative study <i>G.S. Gould</i>	O623: Adjustment and adherence in multimorbidity: A mixed methods study of patients with coexisting diabetes and end stage renal disease <i>K. Griva</i>	O617: Resting-state functional MRI of abnormal baseline brain activity in young depressed patients with and without suicidal behavior <i>J. Cao</i>	O611: On the ball: Evaluating a gender-specific body image program for preadolescents <i>G. Tatangelo</i>

4:30pm - 4:45pm		O572: Use of intervention mapping to adapt a lifestyle intervention for endometrial cancer survivors <i>D.A. Koutoukidis</i>	O578: A systematic review of randomised controlled trials studying the preventive effects of physical exercise, manual and behavioral treatments in acute low back pain and neck pain <i>P. Asenlof</i>	O584: Adding one good year of life for every citizen – Conceptualization and design of a community wide behavioral change intervention <i>J.E. Fischer</i>	O590: Early childhood determinants of physical activity during middle childhood <i>T. Hinkley</i>		O600: Comparing two models of health behaviour to explain tamoxifen non-adherence in women with breast cancer: A longitudinal study <i>Z. Moon</i>	O606: What is the impact of e-cigarette adverts on children's perceptions of tobacco smoking? A randomised controlled trial <i>M. Vasiljevic</i>	O624: Dietary e-intervention for Malaysians with type 2 diabetes mellitus: Development, implementation and evaluation <i>A. Ramadas</i>	O618: Stress signaling remodels tumor architecture to accelerate metastasis <i>E. Sloan</i>	O625: Predicting body fat among children: Effects of parental and child's perceptions of physical activity promoting environment <i>K. Horodyska</i>
4:45pm - 5:00pm	S568: Cognitive behavior therapy enriched with emotion regulation training (ENCERT) for patients with multiple medically unexplained symptoms: Preliminary results <i>M. Kleinstaubner</i>	O573: Received social support and self-efficacy explain quality of life after lung cancer surgery <i>A. Gancarczyk</i>	O579: What is the comparative effectiveness of current standard treatment, against an individually tailored behavioral programme delivered either on the internet or face-to-face for people with acute whiplash associated disorder? A randomized controlled trial <i>A. Bring</i>	O585: Impact of financial incentives on the implementation of screening and brief alcohol interventions by primary healthcare professionals <i>A. O'Donnell</i>	O591: Outdoor exercise is associated with better cell aging profiles <i>T. Eysteinnsson</i>	S596: Motivational interviewing for youth - Caribbean HIV implementation project (MY-CHIP): Challenges and opportunities <i>M. Bulls</i>	O601: Increasing physical activity in patients with Parkinson's disease: Exploring capability opportunity and motivation <i>R.O. Higgins</i>	O607: Smoking in the social environment and adolescent brand awareness: Differential effects by gender <i>G. Ozakinci</i>	O625: Peer support for diabetes management in the primary care setting in China <i>X. Zhong</i>		O613: Sustaining increases in children's fruit and vegetable consumption: 5-year data from the healthy habits cluster randomised controlled trial <i>R. Wyse</i>
5:00pm - 5:15pm	<i>M. Kleinstaubner continued</i> Discussant: W. Rief	O574: Theory-based lifestyle interventions for cancer survivors: A systematic review <i>A. Tiddy</i>	O580: Treatment outcomes for an interdisciplinary chronic pain program <i>E.J. Morrison</i>	O586: Which behaviour change techniques are reported in trials of interventions to improve diabetes healthcare? <i>J. Presseau</i>	O699: Cardiac rehabilitation to increase physical activity among cancer patients: Is it feasible and acceptable? <i>G. Hubbard</i>	<i>M. Bulls continued</i> Discussant: K. Resnicow	O602: Independent predictors of self-stigma and its relationship with medication non-adherence among patients with schizophrenia <i>B. Fadipe</i>	O608: Cigarette package inserts can promote efficacy beliefs and sustained smoking cessation: A longitudinal evaluation of Canada's innovative warning label policy <i>J.F. Thrasher</i>	O626: The '280 a day' diabetes awareness advertisement: What was the impact? <i>J.L. Browne</i>		O614: Relationship between sense of coherence with body mass index and health related behavior in adolescent <i>A. Alamsyah</i>
7:00pm - 11:00pm	ICBM Congress Dinner The Melbourne Town Hall <i>(Tickets must be pre-purchased)</i>										

SATURDAY 10 DECEMBER 2016										
ISBM New Board Meeting										
Element Room Pullman Melbourne Albert Park										
(by invitation only)										
ROOM	Plenary (Grand 1-4)	State 1	State 2	State 3	Element	Lake 1 & 2	Lake 3 & 4	Albert	Victoria	Park
7:15am - 8:15am	Session 7A Symposium	Session 7B Symposium	Session 7C Symposium	Session 7D Invited Symposium	Session 7E Symposium	Session 7F Symposium	Session 7G Symposium	Session 7H Symposium	Session 7I Symposium	Session 7J Symposium
	Chair: Aleksandra Luszczynska	Chair: Manuel Ortiz	Chair: Karolina Stasiak	Chair: Christian Albus	Chair: Sharleen O'Rielly	Chair: Joseph Lau	Chair: Kristen McCarter	Chair: Paschal Sheeran	Chair: Justin Kenardy	Chair: Deborah Jones
8:30am - 10:00am	<i>Challenges and future directions in research on determinants of physical activity</i>	<i>Psychosocial factors related to health outcomes in a developing country</i>	<i>e-Mental health – Are we there yet?</i>	<i>Biopsychosocial aspects in the prevention of cardiovascular diseases</i>	<i>Diabetes prevention in the real world: How does it work?</i>	<i>Roles and perspectives on behavioural medicine research in Asia – Experiences in three Asian countries</i>	<i>Eating As Treatment (EAT): A health behaviour change intervention to improve treatment outcomes for head and neck cancer patients undergoing radiotherapy</i>	<i>Understanding what works in interventions designed to change health behaviour: New approaches to linking theory research design, and evidence</i>	<i>Whiplash-associated injury and risk: New directions in interventions</i>	<i>HIV prevention research in South Africa and Zambia</i>
8:30am - 8:50am	S628: Determinants across the movement spectrum: Different strokes for different folks <i>S.J.H. Biddle</i>	S633: Psychosocial predictors of metabolic syndrome in a sample of Chilean adults <i>M.S. Ortiz</i>	S638: 'Real-world' uptake and adherence to empirically supported e-therapy self-help programs for depression and/or anxiety <i>L. Bavin</i>	S643: Towards a reduction in cardiovascular diseases worldwide by 2025 <i>G. Jennings</i>		S652: Behavioral medicine and the HIV epidemic among men who have sex with men in China: Roles, challenges and opportunities <i>J.T.F. Lau</i>	S656: 'Heads up': A pilot study of a behavior change intervention for head and neck cancer patients undergoing radiotherapy <i>B. Britton</i>	S670: Forging "healthier" connections between theory and interventions to promote healthy behavior: Understanding what works when and why <i>A.J. Rothman</i>	S666: Reducing catastrophizing thinking to improve return-to-work outcomes following whiplash injury <i>M.J.L. Sullivan</i>	S661: PMTCT implementation in rural community health centers in Mpumalanga province, South Africa <i>K. Peltzer</i>
8:50am - 9:10am	S629: An integrated behavior change model for physical activity <i>M.S. Hagger</i>	S634: Discrimination and health: The mediating role of stress acculturative in Latin-American immigrants <i>A. Urzua</i>	S639: All you need is a computer with a good internet connection – Two years of national delivery of Sparx <i>K. Stasiak</i>	S644: Psychosocial risk factors in the etiology and prognosis of cardiovascular diseases <i>B. Murphy</i>	S649: Delivering behavior change with fidelity: Linking theory with program delivery <i>K. Puusepp</i>	S653: A cluster randomized controlled trials of a peer-led lifestyle intervention program to prevent type 2 diabetes in India: Kerala diabetes prevention program <i>B. Oldenburg</i>	S657: Using behavior change counselling to facilitate head and neck cancer patients' engagement with dietetic intervention <i>A. Beck</i>	S671: Towards systematic and comprehensive characterization of the content of behavior change interventions <i>C. Abraham</i>	S667: Risk stratification and targeted treatment in early whiplash to improve health outcomes <i>M. Sterling</i>	S662: A qualitative exploration of the meaning and understanding of male partner involvement in antenatal care in the South African context: Implications for prevention of mother to child transmission programmes <i>S. Sifunda</i>

9:10am - 9:30am	S630: Precision behavior change using digital interventions <i>R. Schwarzer</i>	S635: Social vulnerability and natural events: The role of magnitude of the event on the consequences <i>Y. Qian</i>	S640: Whose health matters most? The different perspectives of children and young people with long term physical conditions, their parents and clinicians regarding knowledge and requirements for support from e-health interventions <i>H. Thabrew</i>	S645: Behavior as the key component in psychological interventions for CHD patients <i>E. Ollson</i>	S650: GOOD4MUM: Facilitating delivery of diabetes prevention care to women with previous gestational diabetes in primary care <i>S. O'Reilly</i>	S654: HPV vaccination in Malaysia: Perspectives of providers and mothers <i>K. Morgan</i>	S658: Improving screening and referral of head and neck cancer patients for psychosocial distress <i>K. McCarter</i>	S672: Theories and evidence concerning health behavior change: An experimental medicine perspective <i>P. Sheeran</i>	S668: Risk stratification and targeted treatment in early whiplash to improve health outcomes <i>J. Kenardy</i>	S663: Increasing acceptability of voluntary male medical circumcision (VMMC) in Zambia <i>S.M. Weiss</i>
9:30am - 9:50am	S631: Implementing interventions promoting physical activity: Good practice characteristics <i>A. Luszczynska</i>	S636: Sedentary behavior in leisure time mediates the effect of depressive symptoms on metabolic glycemic control: A population based study <i>E. Guic</i>	S641: Translating a youth addiction group intervention into an app-based self-help intervention – Where to from here? <i>G. Christie</i>	S646: Recommendations on behavior change and management of psychosocial risk factors in the 2016 guideline on CVD prevention of the European society of cardiology <i>C. Albus</i>	Discussant: P. Absetz	Discussant: J. Dekker	S659: Reducing malnutrition in head and neck cancer patients undergoing radiotherapy <i>B. Britton</i>	Discussant: W. Klein	Discussant: G. Crombez	S664: HIV prevention in vulnerable rural and urban populations in Zambia <i>D.L. Jones</i>
9:50am - 10:00am	Discussion	Discussion	Discussant: T. Fleming	Discussant: C. Albus						
10:00am - 10:15am	<i>Transition time between sessions</i>									
10:15am - 11:00am	Keynote Address Plenary (Grand 1-4) Women's health in context <i>Professor Christina Lee</i> Session Chair: Adrienne Stauder

	<i>Managing comorbid physical and mental health</i>	<i>Intervening to manage psychological symptoms in cancer survivors</i>	<i>Current perspectives on functional somatic disorders</i>	<i>Correlates of heart diseases</i>	<i>Contemporary methods of promoting physical activity</i>	<i>Psychosocial factors associated with diabetes</i>	<i>Being mindful with cancer</i>	<i>Improving patient treatment journeys</i>	<i>Contemporary views on chronic and acute pain</i>	<i>Advanced concepts in measurement</i>	<i>Understanding the developments of addictions</i>
11:30am - 11:45am	O673: Factors influencing adolescent depression in eastern Taiwan <i>L. Yang</i>	O679: A self-regulatory intervention for patients with head and neck cancer: Pilot randomised trial <i>A.E. Richardson</i>	O685: Medically unexplained symptoms in the Indian context: An overview <i>G. Singh</i>	O692: Sedentary behavior and 13-year morality in adults with cardiovascular disease <i>M.C. Rogerson</i>	O697: Views of policy makers and intervention implements on factors facilitating the implementation and transferability of interventions and policies for the promotion of physical activity and a healthy diet in Europe <i>C.R. Pischke</i>	O703: Type 1 diabetes in work life: A matter of containment? <i>U.M. Hansen</i>	O709: My changed body: The effects of a brief online self-compassion writing activity for breast cancer survivors on negative affect and self-compassion <i>K. Sherman</i>	O715: Diabetes dysregulation and co-morbid psychological distress: Are there ways to improve both? <i>B. Oldenburg</i>	O732: An epidemiological study on the association between job satisfaction and reduced performance/sickness absence among workers with chronic pain <i>K. Yamada</i>	O727: N-of-1 methods in health behavior research: A systematic review <i>S. McDonald</i>	O721: Key stakeholder perceptions of the factors that influence and sustain substance abuse among young individuals in three selected communities in South Africa <i>P. Naidoo</i>
11:45am - 12:00pm	O674: Family carers: A role in addressing chronic disease risk behaviors for people with a mental illness? <i>K.J. Bartlem</i>	O680: A randomised controlled trial (RCT) of a psychological intervention (Conquer Fear) to reduce clinical levels of fear of cancer recurrence in breast, colorectal and melanoma cancer survivors <i>P.N. Butow</i>	O686: Long-term economic evaluation of cognitive-behavioral group treatment versus enhanced usual care for functional somatic syndromes <i>A. Schroder</i>	O693: Psychosocial characteristics and health behaviors as predictors of clinical events in the waiting for a new heart study <i>K. Gali</i>	O698: Physical activity 4 everyone' cluster RCT: 24-month physical activity outcomes of a school-based physical activity intervention targeting adolescents <i>R.R. Sutherland</i>	O704: Risk factors for, and course of, generalized anxiety symptoms in type 2 diabetes assessed from 6-year anxiety trajectories using latent curve growth analysis <i>S. Whitworth</i>	O710: Proliferation of mindfulness interventions in cancer – What is the level of evidence for MBSR and its variants <i>N. Sekelja</i>	O716: Treatment efficacy in diabetes and co-morbid psychological distress: The need to look closer at self-regulatory demands <i>F.J. Snoeks</i>	O733: Disabilities on work and fear avoidance beliefs in Japanese workers with chronic pain <i>K. Wakaizumi</i>	O728: Reconstructing time use to understand human behavior: Combining accelerometry, wearable cameras, diaries and interviews <i>E. Thomas</i>	O722: How do gambling environments stimulate risky gambling behaviors? A qualitative study of Australian men <i>E. Deans</i>
12:00pm - 12:15pm	O675: Health risk behavior clustering and mental health status in U.S. college students <i>N. Jao</i>	O681: Psychosocial factors associated with posttraumatic stress and growth in Australian women with ovarian cancer <i>L.K. Shand</i>	O687: Bodily distress syndrome: A new diagnosis for functional disorders? <i>A. Schroder</i>	O694: Communication in cardiovascular disease prevention: How can we make the concept of risk more meaningful? <i>C. Bonner</i>	O705: Lifetime major depression affects self-efficacy and illness perceptions in diabetes by increasing depression and distress <i>S. Whitworth</i>	O711: Expressive writing among Chinese American breast cancer survivors: A randomized controlled trial <i>Q. Lu</i>	O717: Emotions and mental disorders in patients with cancer: On the need to distinguish between adaptive and maladaptive responses <i>J. Dekker</i>	O734: Do illness perceptions mediate the effect of previous sick leave on the development of chronic whiplash <i>L. Frostholm</i>	O729: Relative validity of a five item food frequency questionnaire measuring intake of high saturated fat takeaway meals using estimated food records <i>A.S. Cook</i>	O723: Can the promotion of child-focused activities influence gambling perceptions and behaviors in gambling venues? <i>A. Bestman</i>	

12:15pm - 12:30pm	O676: Chronic disease risk behaviors among people with a mental illness: Prevalence, interest in change and acceptability of risk reduction care <i>K.J. Bartlem</i>	O682: Post-traumatic stress disorder in patients with cancer: A 4 year follow-up study <i>C.M.H. Chan</i>	O688: A cohort presentation of the Danish study of functional disorders (DANFUND) <i>T. Jorgensen</i>		O700: Effectiveness of incentivizing physical activity and reduced sedentary behaviors: Outcomes of the active choices incentive (ACHIEVE) trial <i>K. Ball</i>	O706: Spouses' involvement in their partners' diabetes management: The role of illness coherence and support <i>R. Kuijer</i>	O712: Mindfulness-based stress reduction in addition to treatment as usual for patients with lung cancer and their partners: Results of a multi-center randomized controlled trial. <i>M.P.J. Schellekens</i>	O718: Fracture in the elderly multidisciplinary rehabilitation (FEMUR): A community based rehabilitation package following hip fracture: Development & feasibility <i>V. Morrison</i>	O735: Activity pacing and avoidance: A meta-analysis <i>R. Hadzic</i>	O730: Inter-item distance changes the predictive power of motivation on health behavior? A randomised controlled trial <i>D.K.C. Chan</i>	O724: Marketing techniques that may appeal to children in Australian sports betting television advertisements <i>H.Pitt</i>	
12:30pm - 12:45pm	O677: A healthy lifestyles and smoking intervention among people with a psychotic disorder: Outcomes of a randomised controlled trial <i>A. Beck</i>	O683: First results from the sword-study: Blended cognitive behavior therapy for fear of cancer recurrence in breast, prostate and colorectal cancer survivors – A randomized controlled trial <i>J. Prins</i>	O689: Epidemiological investigation of functional somatic symptoms early in life: A child and adolescent perspective <i>C.U. Rask</i>		O701: Impact of the VicHealth walk to school campaign on school active travel <i>S. Sahqvist</i>	O707: The impact of diabetes education module and self-monitoring blood glucose on patients' glycemic control and self-care behavior <i>B. Ahmad</i>	O713: Mindfulness-based cognitive therapy for men with advanced prostate cancer: A randomised controlled trial <i>S.K. Chambers</i>	O719: The impact of 3-dimensional bone models versus animations on perceptions of osteoporosis and treatment motivation: A mixed method analysis <i>A.S.K. Jones</i>	O736: Psychological predictors of postpartum acute pain and physical health symptoms <i>L. Gomez-Perez</i>	O731: A mixed methods approach to evaluating cross-cultural interventions: A psycho-therapeutic support group for cancer caregivers in Singapore <i>K. Griva</i>	O725: "They are doing everything possible to normalize gambling": Adolescent and parent perceptions of the promotion of gambling in sport. <i>S.L. Thomas</i>	
12:45pm - 1:00pm	O678: Addressing smoking, diet and physical activity within residential substance abuse treatment: Results from a stepped wedge randomised controlled trial <i>P.J. Kelly</i>	O684: Psycho-educational intervention can reduce fear of cancer recurrence in people at high-risk of developing another primary melanoma: Results of a randomised controlled trial <i>N.A. Kasparian</i>	O690: Bodily distress syndrome (BDS) or functional somatic syndromes (FSS): A condition with a poor long-term outcome <i>P. Fink</i>	Discussion	O702: A systematic review of the prevalence of sedentary behavior during the after-school period among children aged 5-18 years <i>L. Arundell</i>	O708: Selection of treatment strategies among patients with type 2 Diabetes Mellitus in Malaysia <i>L.L. Low</i>	O714: Group-based versus internet-based MBCT versus usual treatment as usual for distressed cancer patients: The BEMIND study <i>F.R. Compen</i>	O720: Longitudinal trajectories of depressive and anxious symptoms following a self-management intervention for hemodialysis patients <i>K. Griva</i>	The relationship between sleep quality and disability in children with chronic pain: The mediating role of affect <i>S. Evans</i>	Discussion	O726: The significance of therapist support in internet based treatment for problematic alcohol use – Results from two pilot studies <i>C. Sundstrom</i>	
1:00pm - 12:30pm	Lunch Break Grand Lobby and Exhibition Area											
1:00pm - 2:00pm	Lunch Session # 1 Grand 3 & 4 ASBHM AGM				Lunch Session # 2 Lake 3 & 4 2018 ICBM Meeting				Lunch Session # 3 Lake 1 & 2 International Journal of Behavioral Medicine Editorial Board Meeting			

ROOM	Grand 1 & 2	Grand 3 & 4	State 1	State 2	State 3	Element	Lake 1 & 2	Lake 3 & 4	Albert	Victoria	Park

	<i>Modern improvements in the management and detection of diabetes</i>	<i>Current opinions on cancer patient education and experience</i>	<i>Psychological predictors of somatic disorders</i>	<i>Interventions to increase research translation</i>	<i>Innovative approaches to improving physical activity behaviours</i>	<i>Complexities in researching health behaviours</i>	<i>Impact of attitudes and cognitions on illness behaviours</i>	<i>Current developments in STIs research</i>	<i>Contemporary issues with aging populations</i>	<i>Impact of policy and economic interventions on health</i>	<i>Novel approaches to intervention design</i>
	Chair: Matthew Zawadzki	Chair: Linda Cameron	Chair: Alexandra Martin	Chair: Christine Paul	Chair: Kevin Masters	Chair: Roeline Kuijer	Chair: Valerie Morrison	Chair: Joseph Tak-fai Lau	Chair: Colette Browning	Chair: Paul Brown	Chair: Carina Chan
2:30pm - 2:45pm		O743: What do non-small cell lung cancer patients want to know about treatment? <i>M. Maas</i>		O755: Thrombolysis implementation in stroke (TIPS): Outcomes of a cluster randomised trial of multidisciplinary collaborative quality improvement <i>C.L. Paul</i>	O760: Effectiveness of a balance-improved exercise program for enhancing functional fitness of older adults: A randomized, controlled trial <i>P.K. Chung</i>	O766: Motives underlying food choices as predictors of healthy eating among adolescents <i>L.A. Ricciardelli</i>	O772: The influence of illness perceptions and self-efficacy on emotional outcomes after joint replacement <i>V. Morrison</i>	O778: Prevalence and associated factors of condom failure during transactional sex with male clients among transgender women who were sex workers serving men in Shenyang, China <i>J. Li</i>	O796: Interventions to increase adherence to therapeutic exercise in older adults with low back pain and/or osteoarthritis: A systematic review and meta-analysis <i>P.J.A. Nicolson</i>	O790: Is a school-based physical activity intervention targeting secondary school students cost effective? <i>R.R. Sutherland</i>	O784: Using avoidance framed mental imagery to reduce alcohol consumption: Evidence from a randomised controlled trial <i>C.K.Y. Chan</i>
2:45pm - 3:00pm	O38: A novel personalised eye consultation to lower hba1c and risk of diabetes-related vision loss in adults with type 2 diabetes and diabetic retinopathy: Protocol <i>M.F. Larizza</i>	O744: Lung cancer service users' experiences of treatment, follow up and support <i>R. McNeill</i>	O750: Neuroticism and maladaptive coping in patients with functional somatic syndromes <i>H.F. Pedersen</i>	O756: Cluster randomised trial of a theory-based multiple behavior change intervention aimed at primary healthcare professionals' management of type 2 diabetes [isrctn66498413] <i>J. Presseau</i>	O761: Daily meaning salience predicts daily physical activity in previously sedentary exercise initiates <i>K. Masters</i>	O767: Behavioral risk factors and poor EQ-5D health status: Provisional findings <i>H. Harcombe</i>	O773: Daily associations between social support and affect among patients after hematopoietic stem cell transplantation <i>A. Kroemke</i>	O779: Rationale and design: Innovative methods to increase HIV testing among men who have sex with men in resource-limited, regional Queensland <i>A. Mullens</i>	O797: Support workers as agents for health behavior change: Perceptions of clients with complex needs, support workers and care coordinators <i>T. Westwood</i>	O791: Can we minimize the impact of arguments from industry opposing alcohol and sugary drink policies? Testing the protective effects of public health advocacy messages <i>M. Scully</i>	O785: An integrated smoking cessation intervention for mental health patients: A randomised controlled trial <i>A.P. Metse</i>
3:00pm - 3:15pm	O739: Using text messaging to extend diabetes self-management support outside the clinic environment <i>R. Dobson</i>	O745: Latent inhibition reduces nocebo nausea, even without deception <i>V.F. Quinn</i>	O751: Health care use and the role of health anxiety and disability in an outpatient sample of patients with somatoform disorders <i>F.D. Weiss</i>	O757: A practice change intervention to increase preventive care in mental health services: Exploring reasons for limited effect <i>K. Bartlem</i>	O762: An exploration of sport participation amongst female adolescents from ethnically diverse groups <i>H. Brown</i>	O768: Older adults and physical activity: A longitudinal investigation using a dual-process model <i>K. Hamilton</i>	O774: Contextual and attitudinal barriers to help-seeking for skin cancer detection in rural south Australia <i>K.M. Fennell</i>	O780: A randomized controlled trial evaluating the efficacy of promoting HIV self-testing and online real-time counseling on increasing HIV testing among men who have sex with men in Hong Kong <i>Z. Wang</i>			O786: Tobacco use and interest in smoking cessation among people who inject drugs in a medically supervised injecting center (MSIC) <i>E. Skelton</i>

3:15pm - 3:30pm	O740: Management of type 2 diabetes in China: The happy life club, a pragmatic cluster randomised controlled trial using health coaches trained in motivational interviewing <i>A. Chapman</i>	O746: Get healthy after breast cancer - examining the feasibility and acceptability of referring breast cancer survivors to a telephone-delivered program targeting physical activity, healthy diet and weight loss <i>S. Lawler</i>	O752: The relationship between childhood adversities, emotion regulation and symptom burden in somatic symptom disorder <i>A. Martin</i>	O758: A systematic review assessing the relationship between habit and healthcare professional behavior in clinical practice <i>S. Potthoff</i>	O763: A relationship between workplace health promotion environment and leisure-time physical activity among employees: A multi-site cross sectional study <i>K. Watanabe</i>	O769: Dietary intake and executive function: A meta-analysis <i>D. Naismith</i>	O775: How does genetic testing for hypertrophic cardiomyopathy affect illness beliefs and behavior? <i>C. Bonner</i>	O781: The investigation and analysis of hostile psychology about HIV/AIDS patients <i>X.Q. Zhang</i>	O799: The risk of depressive symptoms according to living alone and social support among Japanese older population: A fixed effects analysis of longitudinal data from the Japan gerontological evaluation study <i>K. Honjo</i>	O793: Cost-effectiveness of a decision aid for breast reconstruction after surgery <i>B. Parkinson</i>	O787: The feasibility of text message interventions to reduce event specific drinking in a high risk group <i>B.C. Riordan</i>
3:30pm - 3:45pm	O741: Influenza vaccination rate of community-dwelling older diabetic patients and their household contacts: A pilot study <i>H. Nan</i>	O747: Prompt-care: A systematic approach for routinely collected cancer patient reported outcomes informing care <i>A. Girgis</i>	O753: Understanding somatic symptoms in late adolescence: The interplay between childhood instability and adolescent peer conflict <i>E.M. Marshall</i>	O759: Increasing the routine provision of preventive care by community mental health clinicians: A whole service approach <i>K. Bartlem</i>	O764: Physical activity interventions in older adults: A systematic review of reviews <i>R. Sharpe</i>	O770: Sustainability of responsible alcohol management practices in community sports clubs: A 6 year follow-up study <i>T. Small</i>	O776: Stroke risk perceptions in patients with atrial fibrillation: Experience counts <i>A. Leppin</i>	O782: Adverse experiences, risk behavior and psychological adjustment in HIV/AIDS infected adults in north of Portugal <i>A. Maia</i>	O800: Appraising the effects of desire for health information and trust in physician on the preference for shared decision making of the Swiss elderly population <i>G. Sak</i>	O794: Quality-adjusted life years associated with traumatic brain injury: Evidence from the brain injury outcome New Zealand in the community study <i>B. Te Ao</i>	O788: Family and peer influences on alcohol consumption among youth in Malaysia: An exploration of ethnic differences <i>S.K. Singh</i>
3:45pm - 4:00pm	Discussion	O748: Changing chemotherapy education using an evidence-based intervention: A success story? <i>P. Schofield</i>	O754: Social modelling of side effects: The role of gender in nocebo responding <i>K. Faasse</i>	Discussion	O765: Factors associated with physical activity in Australians with Parkinson's disease <i>J.L. McGinley</i>	O771: Health-related factors of wellbeing: A major role of sleep, perceived respect, and music listening <i>J. Strahler</i>	O777: Subjective wellbeing, health behavior and other health factors as predictors of falls in postmenopausal women <i>N. Afrin</i>	O783: Factors associated with HIV infection among caregivers of people living with HIV/AIDS <i>Y. Guo</i>	O801: Does physical activity and sedentary behavior change during the retirement transition? Findings from a series of novel N-of-1 natural experiments <i>S. McDonald</i>	O795: Psychosocial determinants of physicians' acceptance of recommended therapies by an antibiotic computerized decision support system <i>A. Chow</i>	O789: Tobacco smoking cessation intentions and preferences for quit support among clients of drug and alcohol treatment services in Australia <i>E. Skelton</i>
4:00pm - 4:45pm	Closing Ceremony (Grand 1 & 2) Reflection on the Congress: Akizumi Tsutsumi Farewell to outgoing Board Members and introduction of incoming President of ISBM Introduction of new ISBM Board Members Comments by incoming ISBM President: Frank Penedo Introduction to the 2018 ICBM Congress Closing of the Congress: Kerry Sherman										
4:45pm - 5:45pm	Farewell Drinks Grand Lobby and Exhibition Area Hosted by the Chilean Society of Behavioral Medicine										

ICBM Congress Poster Program

Poster Viewing Session # 1

Wednesday 7 December 2016, 6:00pm - 8:00pm

Cross Track and Other		
Poster Board #	Presenter	Title
1	Herrera, A.	P001: Impact of personality on self-perception of oral-well-being in bleaching patients
2	Bai, B.	P002: The development and current situation of behavioral medicine education in china
3	Nordin, M.	P003: Young women's mental health in northern Sweden
4	Flett, J.A.M.	P004: Adult coloring books and mental health: are they all they're chalked up to be? Maybe, yes!
5	Vasiljevic, M.	P005: Impact of low alcohol verbal descriptors on perceived strength: An online experimental study
6	Orbell, S.	P006: How might priming and automaticity research enhance our understanding of illness cognition and health and illness behaviour?
7	Liaugaudaite. V.	P007: Factors affecting presence of suicidal ideation in patients attending primary health care service in Lithuania
8	Weick, M.	P008: Anxiety and inhibition impact people's walking direction
9	Morieson, R.	P009: Encouraging human papillomavirus vaccination: Is emotional response and message certainty more important than message framing?
10	Borland, R.	P010: The value of taking a dual-process approach to behaviour change
11	De Wit, J.B.F.	P011: A dual-systems perspective on sexual health behavior: Self-control as moderator of associations between men's implicit and explicit attitudes and condom use
12	Sheeran, P.	P012: Implicit processes and health behavior change: A framework for intervention
13	Menting, J.	P013: Severe fatigue in chronic medical diseases: Is fatigue disease-specific or not?
14	Hollands, G.J.	P014: Impact of communicating genetic risk estimates on risk-reducing health behaviour: Systematic review with meta-analysis
15	Tamura, H.	RC975: Effect of heaviness and warmth suggestion on the vividness of imagery - with the first and second standard exercise of autogenic training

Health Behavior Theory / Multiple Health Behaviors		
Poster Board #	Presenter	Title
16	Hollands, G.J.	P015: Ongoing development of a typology of physical micro-environment, or choice architecture, interventions
17	Nyavanga, E.J.	P016: Expectations about counseling for a mental illness among primary school teacher trainees in Kenya
18	Tanaka, M.	P017: Preliminary development of the Japanese version of body appreciation scale-2 (j-bas-2)
19	Ricciardelli, L.A.	P018: Body image among males: Culture, media ideals and gender role norms
20	White, K.M.	P019: Predicting sun-protective intentions and behaviours using the theory of planned behavior: A systematic review and meta-analysis
21	McGuinness, C.E.	P020: Cognitive style as a predictor of men's cancer screening participation
22	Small, T.	P021: The feasibility and acceptability of a web-based intervention to sustain responsible alcohol management practices in community sporting clubs: a cross sectional study
24	Abraham, C.	P023: A framework for designing brief communications to promote health-related behaviour change
25	Lake, A.J.	P024: Using multiple research methods to develop a tailored eye health leaflet for young adults with type 2 diabetes
27	Hattar, A.	P026: HEALTHI program weight-loss intervention using implementation intentions and mental imagery: Intervention effects
28	Aghamolaei, T.	P027: Relation between health locus of control with health promoting behaviors of high school students in Bandar Abbas, Iran
29	Aghamolaei, T.	P028: Effect of peer education on health promoting behaviors of high school students
30	Aghamolaei, T.	P029: Effect of educational intervention based on health belief model to promote preventive behaviors of cardiovascular disease in people with normal angiographic results
31	Cook, A.S.	P030: Processes of change used between stages of change for sugary drinks

Measurements and Methods		
Poster Board #	Presenter	Title
32	Cook, A.S.	P031: Relative validity and reliability of a short question and a 28-item food frequency questionnaire <u>measuring takeaway meal intake using estimated food records</u>
33	McEnery, C.	P032: Being present: assessing the relation between self-report facets of trait mindfulness and behavioral indices of attention
34	Coleshill, M.	P033: Are treatment and placebo effects additive – a meta-analysis of the balanced placebo design
35	Reid, J.	P034: Recruiting adolescents into longitudinal health research: Traditional recruitment vs social media
36	Yokoyama, K.	RC926: Development and standardization of the Japanese translation of the Profile of Mood States <u>second edition (POMS2™)</u> and the Coping Inventory for Stressful Situations (CISS™)
37	Liu, J-D.	RC948: Longitudinal measurement invariance of the psychological needs satisfaction scale in physical education
38	Hiraide, M.	RC966: Development of the Japanese version of the fear of food measure
39	Horie, T.	RC980: Development of the Japanese version of the clinical impairment assessment questionnaire
40	Fan, M.	RC992: Effects of high altitude on the half-life of Diazepam and Zaleplon in rat plasma

Health Education and Promotion		
Poster Board #	Presenter	Title
41	Urakawa, K.	P035: Sense of coherence (SoC) is affected by quality of sleep and exercise habit among Japanese workers
42	Shaughnessy, K.	P036: <u>Bridging the gap between physician and psychologist communication methods</u>
43	Lin, S-C.	P037: Using a participatory action approach to promote the health literacy of elderly people in the community: a pilot study
44	Rathi, N.	P038: Indian secondary school teachers' views of nutrition promotion
45	Nanayakkara, G.J.M.	P040: Experts' perceptions of a new food studies curriculum for senior secondary school students in Victoria, Australia
46	Takeuchi, T.	P041: Behavioral medicine in Toho university school of medicine in Japan
47	Ostini, R.	P042: Perceptions of responsibility for health literacy among health professionals and consumers
48	Zhang, C-Q.	P043: Wearing facemask to prevent influenza in Hong Kong elderly people: A qualitative investigation
49	Yang, Y.	P044: Effectiveness of health education intervention on immune function and quality of life in breast cancer patients in China
50	Kanakis, K.	P045: "This town can't be that harmful": risk perception of lead exposure
52	Tremain, D.	P047: Drug and alcohol treatment clinician barriers to the provision of referral to telephone helplines
53	Tremain, D.	P048: Clinician provision of preventive care for modifiable behavioral health risk behaviors within <u>substance use treatment services: A systematic review</u>
54	Van Der Pol-Harney, E.	P049: The effects of communicating cardiovascular disease risk as 'fitness age' on behavioral intentions and psychological outcomes
55	Crombie, I.K.	P050: Reducing alcohol consumption in obese men: A priority for action
56	Bring, A.	P051: A new core curriculum for integration of behavioral medicine and physiotherapy in graduate studies: Planning, implementation, and expected outcomes
57	Hill, B	P052: Body image and parity: Are demographic, psychological and weight-based knowledge variables <u>predictors of body image across parity groups?</u>
58	Hill, B	P554: Knowledge and beliefs about gestational weight gain: A comparison of pregnant and nulligravida women
59	Bartle, T	RC946: The paradox of choice: An investigation into the effects of choice on habit strength and maintenance in healthy eating behaviours of undergraduate university students in Australia
60	Dunton, G.F.	RC950: Associations of physical activity and sedentary behavior with dietary intake in children <u>measured by accelerometer and 24-hour dietary recall</u>
61	Schüz, B.	RC973: Socioeconomic status and the prediction of physical activity: Systematic review and meta-analysis based on the TPB
62	Godwin, R.	RC1005: A bridge too far: Unconscious processes and the intention-behavior gap
63	Kelly, I.	RC1012: Meat alternatives in family weight management: A behaviour change exploration of parents' <u>attitudes towards health and ecological advantages.</u>
64	Atrooshi, D.	RC972: Exploring parental perceptions of a walking school bus in northern Ontario
65	Hamilton, K.	RC1001: Avoiding driving through floodwater: A belief elicitation study
66	Yamada, K.	RC1013: The impact of fear appeals about mental health on internet behavior in Japanese workers: An experimental study

Nutrition, Obesity, and Eating Disorders		
Poster Board #	Presenter	Title
67	Cox, R.	P053: Rates of problematic eating and food-related behaviours in a sample of Australian young people in residential out-of-home care
68	Skouteris, H.	P054: Psychological health and lifestyle management preconception and in pregnancy
69	Daly, A.	P055: Can drinking water before main meals help adults with obesity lose weight?
70	Bruce, L.	P056: The association between intuitive and disordered eating
71	Nishi, D.	P057: Omega-3 fatty acids for pregnant women with depressive symptoms in Japan and Taiwan: An open-label trial
72	Oguoma, V.	P058: Pattern of behavioral components of metabolic syndrome in a Nigerian sub-population
73	Rouf, A.S.	P059: Maintenance of nutrition-related behaviours after intervention in healthy adults: a systematic review
74	Burke, K.J.	P060: Psychological health and body image following bariatric surgery
75	Galimberti, E.	P061: Beyond the body image in bulimia nervosa: Abnormalities in the implicit body representation
76	Hayden, M.J.	P062: Maintenance of weight loss and the role of impulsivity: An ERP investigation
77	Van Beurden, S.B.	P063: Techniques for modifying impulsive processes associated with unhealthy eating: A systematic review
78	Simpson, S.A.	P064: Exploring social networks within a web and app based intervention for weight loss.
79	Strahler, J.	P065: Does comfort food comfort? Dynamics of the associations between stress, mood, and eating behaviors in healthy adults
80	Lycett, K.	P066: Let's nudge: A pilot RTC of a novel childhood obesity intervention
81	Tăut, D.	P067: Marketing strategies to promote unhealthy foods to adolescents on Romanian television channels: an in-depth content analysis
82	Teixeira, F.	P068: Predictors of healthcare professionals practices in obesity treatment
83	Lycett, D.	P069: Taste and see: a feasibility study of a church-based, healthy, intuitive eating programme
84	Cleland, V.	P070: Television viewing and body mass index among adults over 5 years: Do changes in food and beverage consumption during television viewing or leisure-time physical activity explain longitudinal associations?
85	Cleland, V.	P071: Effectiveness of interventions to promote physical activity and/or decrease sedentary behaviour among rural residents: A systematic review
86	Mullan, B.	RC955: Using intervention mapping to design a habit based healthy eating intervention for parents and toddlers
87	Indelicato, L.	RC983: Weight bias internalization, psychological variables and cardiovascular risk factors in overweight patients
88	Kothe, E.	RC999: Habit strength and self-control predict patterns of intention-behaviour congruence for dietary adherence among Australian pregnant women

Physical Activity		
Poster Board #	Presenter	Title
89	Huang, S.	P072: The effectiveness of learning community on physical activity of the elderly in Taiwan
90	Olson, J.	P073: Physical activity and sedentary behaviour in inner-regional Australia: What factors influence active lifestyle participation?
91	Sutherland, R.	P077: Systematic review of the association between classroom-based physical activity interventions and academic-related outcomes
92	Hamaguchi, T.	P075: The relevant approach to physical activity varies in IBS by executing of exercise and gastrointestinal symptoms
93	Eguchi, Y.	P076: For behavioral changes to sustainable health promotion through exercise: presence of companion does not affect sustainability
94	Watson, A.	P081: Systematic review of the association between classroom-based physical activity interventions and academic-related outcomes
95	Helfer, S.G.	P079: Work responsibilities as barriers to physical activity: How do we evaluate the exerciser?
96	Finch, M.	P080: A systematic review of physical activity interventions in center based childcare: Meta-analysis of outcome effects by intervention characteristics
97	Wolvers, M.D.J.	P081: Perceptions of physical activity in cancer-related fatigue
98	Arundell, L.	P082: The correlates of children's after-school physical activity and sedentary behaviour
99	McGuire, A.	P083: Factors predicting barriers to exercise in midlife Australian women
100	Teychenne, M.	P084: The efficacy of a tailored physical activity intervention for socioeconomically disadvantaged women: The INSPIRE study

101	Ginja, S.	P085: Development and feasibility of an intervention to promote active travel to school
102	Ridgers, N.	RC951: Feasibility, usability and acceptability of an activity tracker in young adolescents
103	Bruner, M.	RC971: Understanding aboriginal youth development through sport and physical activity: Their voices, their stories, and their experiences
104	Contardo-Ayala, A.M.	RC974: The impact of an 8-month trial using height-adjustable desks on classroom sitting-bout length
105	Bell, L.	RC990: Pre-school children's physical activity and cardiovascular disease
106	Bruner, B.	RC997: Impact of a school-based cycling education and encouragement initiative on active transportation to school

Work Related Health

Poster Board #	Presenter	Title
107	Inoue, A.	P086: Modifying effect of cigarette smoking on the association of organizational justice with serious psychological distress in Japanese employees: A prospective cohort study
108	Tsutsumi, A.	P087: Developing of Japanese version of workplace social capital scale
109	Yokoyama, M.	P088: Survey of barriers and facilitators returning to and continuing work after stroke
110	Yamashita, S.	P089: Use of a "pattern of living" survey to assess readiness to return to work after leave for mental disorder
111	Pardon, M.	P090: Investigating the influence of factors inhibiting environmental behaviour and their relationship to workplace health
112	Olsen, H.	P091: Activity trackers as a tool to reduce employees' sedentary behaviour in a flexible workplace
113	Di Benedetto, M.	P092: Knowledge and use of self-care behaviours in Australian psychologists: Relationship with stress, distress, and impairment
114	Hadgraft, N.T.	P093: Social and environmental influences on office workers' sitting time: a qualitative study
115	Takaki, J.	P094: No associations between job stress and high-sensitivity C-reactive protein (HS-CRP)
116	Fadipe, B.	P095: Job stress among nurses in a tertiary hospital in Lagos, Nigeria
117	Fischer, J.E.	P096: Health related loss of productivity – an alternative outcome measure to combine absenteeism, presenteeism and reduced work ability into a single number
118	Sudholz, B.	RC945: The impact of Activity Based Working on workplace movement, eating patterns, productivity and satisfaction
119	Iijima, S.	RC954: The relationship between cost-benefit and the implementation status of mental health prevention program for workers in Japan
120	Otsuka, Y.	RC957: Job demands, job control, social support, and drinking habits among Japanese employees
121	Shimazu, A.	RC961: How family resources relate to job performance: The mediating role of family-work facilitation and work engagement
122	Kawahito, J.	RC991: Associations between presenteeism and occupational and personal factors among Japanese medical workers

Poster Viewing Session # 2

Thursday 8 December 2016, 5:30pm - 7:00pm

Addictive Behaviors		
Poster Board #	Presenter	Title
1	Miller, H.	P264: The "Walk of Shame": Understanding gambling stigma
2	Singh, G.	P265: A comparative study of cognitive representations among individuals with alcohol dependence syndrome and healthy individuals
3	Chang, G.	P266: Investigation of college students' internet addiction and analysis of its correlation with impulsive choice
4	Popa-Velea, O.	P267: Associations between cognitive style, psychiatric comorbidity and alcohol consumption at healthy undergraduate medical students
5	Kaloiya, G.S.	P268: Cognitive distortions and effect of cognitive therapy on persons with alcohol dependence syndrome in a tertiary care center of Northern India
6	Munro, G.	P269: TRAITMAP: Harnessing continuous personalized feedback via smartphone sensors to disrupt and change addictive behaviors
7	Suprpto, M.H.	P270: Intervention effects of self-help book on internet addictions
8	Jeromin, F.	P271: Does excessive smartphone use have detrimental effects on sleep, stress, and somatic symptoms?
9	McCrabb, S.	P272: Anxiety, depression and substance abuse among orthopedic trauma patients
10	David, J.L.	P273: Corporate social responsibility strategies of multinational sports wagering companies: A content analysis of industry documents
11	Pitt, H.	P274: Parent and child recall of sports wagering marketing in different community environments
12	Hodder, R.K.	P275: Effectiveness of a school-based protective factor intervention in reducing adolescent tobacco, alcohol and illicit substance use
13	Hodder, R.K.	P276: Effectiveness of a universal school-based intervention in reducing adolescent tobacco, alcohol and illicit substance use within student subgroups: Exploratory assessment
14	Liu, H.Q.	P277: Neurotensin receptor 1 contributes to the increased side-effects of kappa opioid receptor in drug abuse
15	Jeon, W.S.	P278: The effects of near miss and type of game on the loss aversion
16	Sung, K.	P279: Suicide ideation and suicide attempts of alcohol use disorders: Based on the interpersonal psychological theory of suicide
18	De Castro Tũaño, P.P.	RC960: Self in the rehab: An exploratory study on the rehabilitation of recovering drug addicts
19	Wong, D.F.K.	RC969: The roles of mood status and cognition in the pathology of Chinese problem gamblers in Hong Kong: examining the interaction effect
20	de Visser, R.	RC986: The growth of "Dry January" through "social contagion" and "diffusion"
21	Daitoku, S.	RC987: Relationship between binge-eating and body-sense

Biobehavioral Research		
Poster Board #	Presenter	Title
22	Tayama, J.	P281: Attention bias modification for irritable bowel syndrome
23	Rana, M.	P282: Exercise and cognitive bias modification training in adults: Effects on self-reported anxiety
24	Anyasodor, A.E.	P283: Behavioral medicine: Lifestyle modification advice to control metabolic diseases in a Nigerian rural population
25	Kasparian, N.A.	P284: Psychobiological outcomes in parents and their infants after fetal or postnatal diagnosis of complex congenital heart disease
26	Manzaneque, J.M.	P285: Assessment of hormonal parameters in long-term karate practitioners
27	Manzaneque, J.M.	P286: Immune modulation after long-term karate practice
28	Zawadzki, M.J.	P287: Stressful thoughts, unhealthy lives: Examining the role of perseverative cognitions on psychological and physical health
29	Mikocka-Walus, A.	RC943: Long-term effectiveness of cognitive-behavioural therapy in inflammatory bowel disease
30	Lugtu, M.G.	RC952: Comparative evaluation on the effectiveness of glucose and sodium on memory
31	Mikula, P.	RC963: The mediating effect of coping on the association between social support and quality of life in people with multiple sclerosis.
32	Tuck, N.	Rc1006: Greater ability to express positive emotion is associated with lower projected cardiovascular disease risk
33	Tuck, N.	RC1007: Expressive regulatory skill and health
34	Pollak, J.	RC1008: Evaluation of evidence-based practices for treatment of depression in Indigenous populations worldwide: systematic review.

Psychophysiological Disorders and Sleep

Poster Board #	Presenter	Title
35	Sliwka, A.	P288: Music preference among asthmatics
36	Nowobilski, R.	P289: The type of walking training modifies psychopathology in intermittent claudication
37	Hori, R.	P290: Differences between depressive men with and without obstructive sleep apnea
38	Du, Y.	P291: A resting-state functional magnetic resonance imaging research about major depression with different TCM syndrome patterns: Heart-spleen deficiency and liver-qi stagnation
39	Zhao, J.	P292: The characteristic of clinical symptom of depressive and anxious patients visiting at TCM clinics of general hospital in Beijing
40	Le Grande, M.	P294: Prevalence of obstructive sleep apnea in cardiac patients: A systematic review and secondary analysis
41	Fukuma, K.	RC958: Effects of regulating biological rhythms to prevent sleepiness in train drivers.
42	Mitsuyama, Y.	RC1004: The functional connection of the brain at rest on the students with alexithymia character: a study using NIRS

Functional, Somatic and Somatoform Disorders

Poster Board #	Presenter	Title
43	Takizawa, H.	P295: Substances applicable to decision criteria of attention bias modification based on reaction time and correctness in Japanese patients with cerebral apoplexy
44	Qiu, C.	P296: Multimorbidity patterns and functional dependence among a rural elderly population in China
45	Nordin, S.	P297: Intolerance to environmental odorous chemicals and sounds in irritable bowel syndrome
46	Schwarz, J.	P298: Emotion regulation skills in patients with medically unexplained physical symptoms
47	McDonald, K.	P300: The key role of emotion dysregulation in functional gastrointestinal distress
48	Beath, A.P.	P301: Negative appraisal, gastrointestinal coping styles and gastrointestinal distress
49	McNaughton, D.	P302: Somatization is key in the overlap between functional gastrointestinal disorders and other functional somatic syndromes
50	Jones, M.P.	P303: A population-based study of the relationship between anxiety, hypochondriasis, health care seeking and irritable bowel syndrome
51	Jones, M.P.	P304: An integrated approach examining the relationship of coping and psychological factors with gastrointestinal symptom burden
52	Radu, M.	P305: Mediators of cognitive-behavioral therapy in irritable bowel syndrome: A meta-analysis
53	Palmquist, E.	P306: Associations between fibromyalgia and environmental intolerance
54	Newby, J	RC1000: Help for health anxiety: results from a randomised controlled trial comparing internet-delivered CBT for health anxiety versus anxiety psychoeducation

Infectious Disease / HIV/ AIDS / Vaccinations

Poster Board #	Presenter	Title
55	Chow, A.	P307: Determinants of physicians' acceptance of recommended definitive therapies by an antibiotic computerized decision support system
56	Lim, D.W.	P308: What are the psychosocial factors that determine influenza vaccination among nurses?
57	Lee, V.Y.	P309: An exercise intervention to reduce adverse events with HPV vaccination
58	Heckman, T.	P310: Telephone-administered interpersonal psychotherapy acutely reduces depression in HIV-infected rural persons
59	Heckman, B.	P311: HIV-infected rural heterosexual men experience more psychosocial difficulties than other groups
60	Mullens, A.	P313: HIV stigma, psychological distress and metacognition
61	Wu, A.M.S.	P314: Cognitive factors of concurrent multiple male sex partnership among Chinese men who have sex with men
62	Liao, Q.	P315: Perceived information trustworthiness and parents' risk perceptions regarding childhood seasonal influenza vaccination in Hong Kong
63	Lestari, M.D.	P316: Why men would have same-sex behavior?
64	Alcaide, M.L.	RC959: HIV prevention methods among adolescent girls and young women in Zambia, knowledge and gaps
65	Li, H.	RC1015: Community engagement, condom use peer norm and self-efficacy influencing condom use among men who have sex with men in China: A path model analysis

Socioeconomic Factors, Culture and Global Health

Poster Board #	Presenter	Title
66	Kaukonen, R.	P317: How often is it acceptable for preschoolers to consume sugar-rich foods and drinks? Associations between parents' views and educational level

67	Jin, L.	P318: Dimensions of subjective social status, status inconsistency, and psychological well-being in china
68	Sak, G.	P319: Older adults' involvement in treatment decision making with their physician: A cross-sectional study appraising micro-cultural differences among Swiss-Germans and Swiss-Italians
70	Oh, C.H.	P321: Difficulties encountered in daily life among low-income elderly Korean residents in Japan
72	Rospita, I.O.	P323: Marital adjustment and marital satisfaction on Balinese women who lived in nuclear and extended family

Psychoneuroimmunology / Psychoneuroendocrinology

Poster Board #	Presenter	Title
74	Berger, M.	P324: Influence of chronic stress, discrimination and childhood adversity on the cortisol awakening response and acute stress response in Indigenous and non-Indigenous university students
75	Nakata, A.	RC993: Overtime and immunity: a 2-year perspective study among healthy daytime white-collar employees
76	Okamura, H.	RC998: The relationship between body movement during sleep and cortisol awakening response
77	Yajima, J.	RC1002: The relationship between lifestyle and psychobiological stress response to mental stress testing

Stress and Resilience

Poster Board #	Presenter	Title
78	Kilby, C.J.	P327: On the temporal stability of stress mindset
79	Kilby, C.J.	P328: Relating stress mindset to personality, emotional management, anxiety, and perceived stress
80	McDonald, H.M.	P329: Understanding distress through the lens of positive psychology
82	Liu, P-L.	P331: The analysis of work stress on dialysis nurses and emergency nurses by social networks
83	Liu, P-L.	P332: The study of work stress and satisfaction of emergency nurses by social networks - a case study of a medical center in southern Taiwan
84	Keech, J.	P333: Stress mindset and stress-related outcomes: A model of deliberative and implicit influences on behavioral mediators
85	Scovell, M.	P334: Understanding the factors that influence resilience in a cyclone prone population
86	Tatsumi, T.	P335: Received social support, emotion regulation, and process of psychologically accepting athletic injuries
87	Meesters, A.	P336: The effect of mindfulness-based stress reduction on wound healing
88	Li, G.	P337: Nonspecific effect of stress on brain gray matter volume in drug naive female patients with first depressive episode
89	Ozakinci, G.	P473: Fertility and cancer treatment-related decisions among young women with breast or gynecological cancer – a qualitative study
90	Kotwal, M.R.	P338: Stress reduction by listening to Indian classical music during gastroscopy
91	Gu, S.	P339: Stress induced emotional flow
92	Fennell, K.M.	P340: Farmers' coping during drought: Which strategies are associated with low levels of psychological distress?
93	Nagy, Á.	P341: The role of dance in the therapy of chronic stress
94	Burke, K.J.	P342: Raising a food hypersensitive child: Impacts on whole family quality of life
95	Fischer, J.E.	P343: Neglected intrinsic motivation - the economic relevance of perceiving purpose and enjoyment of one's work
97	Repetto, P.	RC923: Psychological first aid: RCT of adults affected by non-intentional trauma in emergency room
98	Tak, Y.J.	RC942: Is hypovitaminosis D associated with stress perception? A nationwide representative study in Korea
99	Yu, S.	RC989: Stress, frustration tolerance, avoidant coping, and internet gaming disorder among Japanese university students

Tobacco Control

Poster Board #	Presenter	Title
100	Abram, Z.	P345: Personal and non-personal influences on smoking habits of Romanian adolescents
101	Grills, N.	P346: Smoke free policy at Melbourne university – smoker and non-smoker impressions
102	Gould, G.S.	P347: Can smoking initiation contexts predict how adult aboriginal smokers assess their smoking risks? A cross-sectional study using the 'smoking risk assessment target'
103	Metse, A.P.	P348: Smoking and mental illness: a bibliometric analysis of research output over time
104	Wee, L.H.	P349: A review of smoking research in Malaysia
105	Choi, H.D.	P350: Association between a serotonin transporter 5- <i>httlpr</i> polymorphism smoking cessation: meta-analysis

106	Gali, K.	P351: Time to smoking initiation varies by sex and educational attainment
107	Durkin, S.	P352: Do e-cigarette ads undermine former smokers? An experimental study
108	Bayly, M.	P353: A content analysis of anti-smoking advertisements focusing on the health effects of smoking
109	Umali, E.	P354: Samoan smokers talk about smoking and quitting
110	McCool, J.	P355: Young adult perceptions of the British American tobacco New Zealand agree/disagree plain packaging counter-campaign
111	Peña-Purcell, N.	P356: Assessing college students' perceptions about cigarette smoking: Implications for prevention
112	Islam, F.	Over-time impacts of cigarette pictorial warning labels and their differences across smoker subgroups: Results from smokers in Canada and Australia

Violence / Victimisation / PTSD

Poster Board #	Presenter	Title
113	Kawakami, N.	P357: Radiation stress and mental health among non-evacuee residents in Fukushima at three years after the Fukushima Daiichi nuclear plant accident
114	Li, Y.	P358: Mediation effect study of self-esteem between childhood abuse and mental health in female college students
115	Nater, U.	P359: Hair cortisol concentrations in recently fled asylum seekers in comparison to permanently settled immigrants and non-immigrant Germans

Poster Viewing Session # 3

Friday 9 December 2016, 1:00pm - 2:30pm

Adherence

Poster Board #	Presenter	Title
1	Miquelon, P.	P461: Motivational regulations and observance of physical activity recommendations among adults with type 2 diabetes
2	Arita, N.	P462: The concordance rate between numerical improvement in physical function and actual feelings in elderly people
3	Mangyo, R.	P463: Factors influencing changes in frail elderly females' motor function levels after exercise
4	Leung, A.W.Y.	P464: Identifying psychosocial predictors of adherence to a lifestyle modification program among Chinese overweight and obese adult participants
5	Mullens, A.	P465: Does depression and/or anxiety mediate between HIV stigma and medication adherence among HIV-positive men?
6	Hawking, M.K.D.	P466: Investigating patients' perspectives towards and adherence to non-vitamin k antagonist oral anticoagulants (NOACS) for atrial fibrillation: A UK based prospective mixed methods study.
7	Morrison, V.	RC929: Application of behavioural models to understanding medication adherence: Results of the ABC project
8	Peek, K.	RC956: Barriers and enablers affecting patient adherence to physiotherapist-prescribed self-management strategies.
9	Suzuki, T.	RC996: Practical report of a trans-diagnostic outpatient group program of prevention of recurrent psychological symptoms
10	Holloway, E.	RC1003: Improving engagement with problem solving treatment for integrated depression management in low vision rehabilitation

Ageing

Poster Board #	Presenter	Title
11	Zhao, Y.N.	P467: A canonical correlation analysis on the relationships between functional fitness and quality of life in older adults
12	Brookland, R.	P468: How can we best help older people maintain driving independence and minimize impact of driving cessation?
13	Sak, G.	P469: The effects of physician's facilitation of patients' involvement in healthcare decisions on patient satisfaction: An experimental study
14	Sanchez, J.	P470: Social functioning indicators among baby boomers and the likelihood to screen for hepatitis C in a primary care setting
15	Yamada T.	RC995: Effect of 1-year and 2-year participation in a health-enhancing exercise program for physically handicapped persons and the frail elderly.

Cancer Treatment and Survivorship		
Poster Board #	Presenter	Title
16	Zomerdijk, N.	P471: The psychosocial impact of donating hematopoietic stem cells on adult sibling donors
17	Raphael, D.	P472: Experiences of hematological cancer survivors in the post-treatment phase
18	Tateishi, S.	P474: Supportive awareness of employers for a good balance between work and cancer treatment
19	Stinesen Kollberg, K.	P475: Psychological well-being and private and professional psychosocial support after prostate cancer surgery: A follow-up at 3, 12, and 24 months after surgery
20	Cao, Y.M.	P476: The research of the influence factors of dignity in patients with advanced cancer in china
21	Ge, G.	P477: The comparison of palliative care between China and Japan
22	Allen, V.L.	P478: Physical activity after treatment for blood cancer: Attitudes and context interests
23	Ehlers, S.L.	P479: Prospective examination of interpersonal environment and increased exercise in the year following hematopoietic stem cell transplantation
24	Chang, A.	RC962: Paclitaxel induces memory deficits and affective symptoms in mice
25	Ledderer, L.	RC979: Supporting cancer patients and their relatives through storytelling
26	Smith, K.	RC1014: The impact of others: An analogue study investigating the impact of care recipient valence and perceived medical support on caregiver responses
27	Durazo, A.	RC1016: Relationships of Cancer Recurrence Beliefs and Worry with Protection Motivation and Behavior Among Cancer Survivors: A Systematic Review

Cancer Prevention		
Poster Board #	Presenter	Title
28	Sun, Y.	P480: The comparison of quality of life of different emotional states of advanced cancer patients
29	Pedruzzi, R.A.	P481: Beliefs about the role of protective behaviours in controlling preventable disease risks
30	Ciucă, A.	P482: The efficacy of psychosocial interventions for familial colorectal cancer: a meta-analysis
31	Peterson, S.K.	P483: Indoor tanning facilities' framing of messages about UV exposure risks
32	Le, D.	P484: WMN4HLTH: development of a spiritually-based SMS text messaging pilot intervention to increase cervical cancer awareness and pap test screening intention among African American women
33	Brennan, E.	P485: How to design effective testimonial warning labels for tobacco products
34	Lotfi, R.	RC927: Knowledge about cervical cancer, human papilloma virus and attitude towards acceptance of vaccination among female students

Childhood and Adolescence		
Poster Board #	Presenter	Title
35	Downing, K.	P486: Ecological correlates of preschool children's screen time
36	Lavanya, T.P.	P487: Effectiveness of emotional competence skills programme for adolescents: Results from a pilot study in India
37	Matsuo, R.	P488: A comparative evaluation of the stress management program for high school students
38	Zhao, G.	P489: Study of the development and behavior with gender differences in a rat valproate-induced autism
39	Rostila, M.	P491: Experience of sibling death in childhood and risk of adult mortality: A national cohort study from Sweden
40	Manjula, M.	P492: School based, universal preventive intervention for depression and suicidal behaviours in Indian youth
41	Carroll, S.	P493: "It feels like wearing a giant sandbag." Adolescent and parent perceptions of fatigue in pediatric multiple sclerosis
42	Eisman, G.	P494: Racial/ethnic differences in the relationship between stressful life events and quality of life in adolescents
43	Ray, C.	P495: Parenting style, parenting practices, and preschool-aged children's sugar-enriched food intake
45	Gunaratnam, S.	P497: Ear for recovery: Parent-child communication and traumatic stress after pediatric injury
46	Lin, Y-J.	P498: The moderating effect of humor style on the relationship between social network indicators on bullied experience and mental health among junior high school students in Taiwan
47	Zhang, X.	P499: Family live-in therapy for adolescents and young adults' mental disorders
50	Sciberras, E.	P502: Sleeping sound with ADHD: A translational randomised controlled trial of a behavioral sleep intervention

51	Henderson, J.M.T.	P503: Contribution of parental behaviours and infant characteristics to pediatric sleep disturbance
52	Widiasavitri, P.N.	P504: Self-compassion: Meaning and its role in the psychological well-being of adolescents in Denpasar, a study using photovoice
55	Aoki, S.	RC944: Effects of perplexity at hearing acquaintances' suicidal ideations on later helping behavior in adolescents
56	Pieper, L.	RC982: Associations between daily life depressive symptomatology, physical activity and eating behavior in adolescents. Results of the BeMIND study
57	Mullan, B.	RC949: The lived experiences of type one diabetes in young adults

Cardiovascular Disease and Pulmonary Disorders

Poster Board #	Presenter	Title
60	Mahdanian, A.A.	P508: Serotonergic antidepressants association with a lower risk of myocardial infarctions
61	Shen, B.J.	P511: Emotion dysregulation as a moderator of stress on physical health functioning in cardiac patients
62	Shand, L.K.	P512: Supporting patient self-management and secondary prevention: A novel online patient intervention
63	Kasparian, N.A.	P513: Finding a new rhythm: Specialized multidisciplinary models of care to improve psychological adjustment in parents of children with rare inherited arrhythmia conditions
64	Ginting, H.	P514: Initiating extracorporeal shock wave myocardial reperfusion (ESMR) in coronary heart disease: Patients perspectives
65	Ng, L.H	P515: Psychological distress and sleep quality in patients with coronary heart disease: a dominance analysis
66	Olsson, E.	P516: Myocardial infarction and google searches on "stress"
67	Freedland, K.	P517: Treat-to-target outcomes in CBT for depression in heart failure
68	Swinson, B.	RC985: Illness perceptions, anxiety and avoidance in implantable cardioverter-defibrillator recipients
69	Nagyova, I.	RC1011: Vital exhaustion in coronary heart disease patients and the role of ethnicity

eHealth and mHealth Communications

Poster Board #	Presenter	Title
70	Livingston, P.M.	P518: M-Health: The impact of smartphone technology to improve quality of life outcomes among people with cancer: a randomised controlled trial
71	Heckel, L.	P519: Acceptability and utility of a telephone outcall program for carers of persons with cancer
72	O'Neil, A.	P520: Improving the quality and reporting of evidence for digital health interventions for maximum population-level impact: A meta-review
73	Wanqi, G.	P521: The role of expectation violation in online patient-doctor communication: Evidence from a Chinese online e-Health websites
75	Staiger, P.	P523: The feasibility of a smartphone app intervention designed to reduce harm associated with risky drinking
76	van Beurden, S.B.	P524: Facilitating weight loss with the 'ImpulsePal app': A feasibility study
77	Fuller-Tyszkiewicz, M.	P525: Can a brief, app-based mindfulness intervention reduce body dissatisfaction?
78	Beatty, L.	RC981: Assessing internet information and support-seeking preferences to inform the development of a web-based psychological intervention for women with metastatic breast cancer
79	Oldenburg, B.	RC970: Development and piloting of My Diabetes Coach: An automated, interactive program for Type 2 Diabetes self-management
81	Compen, F.R.	RC964: Guided individual internet-based mindfulness-based cognitive therapy for cancer patients: Facilitators and barriers

Health Systems, Policy and Economics

Poster Board #	Presenter	Title
82	Mohammed, J.	P526: Factors influencing staff support for decentralization of health services
83	Chaudhury, N.	P528: The HealthRise programme: Addressing barriers to care for diabetes and hypertension at individual, social and health system levels
84	Larson, S.L.	P529: As a general pediatrician I don't know the second, third or fourth thing to do: Behavioral health and residency training
85	Zeiger, T.	RC936: Behavioral health incorporated into pediatric medicine: Developing models of integration
86	Bahk, H.J.	RC967: Effect of reducing obesity through smartcare and financial incentives over time: A pilot randomized trial follow-up

Illness / Illness Affect / Illness Behavior

Poster Board #	Presenter	Title
----------------	-----------	-------

87	de Morée, S.	P530: Experience of hope in motor neuron disease (MND) patients and their significant others: An explorative study
88	Sodi, T.	P531: Help-seeking pathways followed by patients with chronic diseases in a rural community in Limpopo province, South Africa
